Comparison Document

House Bill 33 - 135th General Assembly

Main Operating Budget Bill
(FY 2024-FY 2025)

As Introduced
In House Committee

April 18, 2023

Introduction

The Comparison Document provides brief descriptions and fiscal estimates of the provisions that make up the executive recommended version and subsequent versions of the biennial main operating budget bill of the 135th General Assembly, House Bill 33. The document is arranged in alphabetical order by state agency. It also includes three nonagency items for which appropriations are made: Employee Benefits Fund (PAY), Pension Subsidies (PEN), and State Revenue Distribution Funds (RDF) as well as a section for Local Government Provisions (LOC). A Table of Contents follows this Introduction. Two indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education and the Department of Taxation are first arranged by general topic area. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-reference index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-reference index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with the three-letter agency code used in the state's accounting system followed by a comparison document reference ("CD") and a number (TAXCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

The Comparison Document does not include appropriation amounts for the agencies. Please see the Appropriation Spreadsheet for that information. For a complete discussion of the statutory changes in the bill, please see the Bill Analysis for H.B. 33.

DASCD22 Increased parental leave benefits

R.C. 124.136

Fiscal effect: Increasing the parental leave benefit will result in increased expenditures under Fund 8110 ALI 995671, Parental Leave Benefit Fund, of between \$8.0 and \$10.0 million per year. The bill allows the DAS Director to use ALI 995671 to pay the increased parental leave benefits. See PAYCD7.

DASCD38 DAS purchasing preferences

R.C. 125.01, 125.09, 125.11, 153.54, 307.87, 307.90, 3345.10, Repealed: 505.103, 717.21

Requires that DAS and state agency purchasers evaluate bids according to criteria and procedures for determining if a product is produced or mined in the U.S., is a Buy Ohio product, and if the bid or offer was received from a Buy Ohio supplier or a certified veteran-friendly business, rather than generally requiring DAS and state agencies to select the lowest responsive and responsible bid, from among the bids that offer products that have been produced or mined in Ohio.

Applies the requirements where sufficient competition can be generated to ensure that the purchase will be in the best interest of the state unless otherwise prohibited.

Requires the DAS Director to adopt rules to establish criteria for applying a purchasing preference to bids received from certified veteran-friendly business enterprises.

Codifies the classification of "Buy Ohio" products, eligible for preference in state purchasing, to include products from a state bordering Ohio.

Eliminates "insurance" as a type of supply expressly subject to certain state purchasing laws.

Eliminates a requirement, regarding contracts for certain meat and poultry products, that DAS only accept bids from vendors under inspection of the U.S. Department of Agriculture or who are licensed by the Ohio Department of Agriculture. Under current federal law, all meat sold commercially must be inspected for safety.

Eliminates a provision in state purchasing law that expressly requires DAS to award certain contracts to qualified nonprofit agencies under the Office of Procurement from Community Rehabilitation Programs. Continuing law requires state agencies to purchase supplies or services that are on the procurement list maintained by that Office.

DASCD31 Professions Licensing System Fund

R.C. 125.18

Eliminates the Professions Licensing System Fund (Fund 5JQ0). Requires transaction fees from the electronic issuance of a license or registration (currently deposited into the fund) to be deposited into the existing Occupational Licensing and Regulatory Fund (Fund 4K90) instead.

Fiscal effect: Under current law, Fund 5JQ0 supports the state's eLicensing system, used by 23 occupational licensing boards and commissions to issue licenses and host licensing data. The bill shifts the primary funding source for the system to Fund 4K90. Additional details can be found in the DAS Redbook.

Prohibits the download or use of TikTok, WeChat, or other Chinese-owned applications on state computers, networks, and devices.

Fiscal effect: DAS and other state agencies may incur some administrative costs to ensure that the specified applications are not installed on any state owned devices and to block future installations of the specified applications.

DASCD37 Requisite procurement programs

R.C. 125.35, 125.041, and 125.05

Eliminates DAS's lead role in managing the review and determination process for purchase requests under the state's first and second requisite procurement programs by requiring the applicable representatives of those programs to review state agency purchase requests to determine whether purchases can be fulfilled based on the products and services that the first and second requisite procurement programs can provide and to notify the purchasing agencies.

R.C. 125.35, 125.041, and 125.05

Same as the Executive.

Executive

In House Finance

Fiscal effect: DAS will likely see some cost savings, because under current law it is responsible for determining that purchases cannot be made through first or second requisite procurement programs. Under the change in the bill, first and second requisite program administrators will be responsible. First requisite programs include DRC's Ohio Penal Industries and DAS's Community Rehabilitation Programs. Second requisite programs include the Business Enterprise Program run by OOD, the Office of Information Technology, the Office of State Printing, Ohio Pharmacy Services run by MHA, the Ohio Facilities Construction Commission, and others.

Fiscal effect: Same as the Executive.

DASCD27 Controlling Board approval threshold amount

R.C. 127.16, 125.05

Increases the threshold for Controlling Board approval for purchases of supplies and services (currently \$50,000) and leases of real property (currently \$75,000) to a combined figure of \$100,000 per supplier for FY 2024, and annually increases that amount by the rate of inflation (subject to a 3.5% minimum increase each fiscal year).

No provision.

Links the competitive selection threshold for state purchases of supplies and services (currently \$50,000) to the threshold for Controlling Board approval.

No provision.

Fiscal effect: Slight decrease in administrative costs for DAS and the Controlling Board because there will be a lower volume of requests to review and prepare for Controlling Board approval.

DASCD34 Information technology renewal

R.C. 127.16

Exempts from competitive selection renewals or maintenance of IT supplies or services previously purchased within the last six fiscal years by competitive selection or with Controlling Board approval.

EDUCD90 Allocation of sports gaming tax revenue

No provision.

R.C. 5753.031

Limits the portion of sports gaming tax revenue that must be used to support K-12 athletics and other extracurricular activities to the lesser of \$15 million per fiscal year or 50% of that revenue for that year, rather than 50% of the Sports Gaming Profits Education Fund (Fund 5Y00) as under current law. Allocates the remainder of the revenues in Fund 5Y00, instead of the other 50%, for the support of public and nonpublic education for students in grades K-12.

Fiscal effect: Increases the amount of sports gaming tax revenues available to support public and nonpublic education. The bill appropriates \$50 million in each fiscal year from these remaining funds in Fund 5Y00 ALI 200491, Public and Nonpublic Education Support, to be used in conjunction with the GRF to fund formula aid payments (see EDUCD91).

EDUCD42 Power plant valuation adjustment

Section: 265.310

Requires ODE to make an additional payment to school districts that have at least one power plant in their territory and that experience both at least a 10% decrease in public utility tangible personal property (PUTPP) value and an overall negative change in PUTPP subject to taxation between either: (1) tax year (TY) 2017 and the preceding tax year (e.g., TY 2023, for purposes of the FY 2024 payment); or (2) the preceding tax year and the second preceding tax year (e.g., between TY 2022 and TY 2023, for purposes of the FY 2024 payment).

Calculates the payment for an eligible district generally based on a recomputation of the district’s FY 2019 foundation aid using the preceding year’s total taxable valuation (instead of the three-year average valuation used to determine funding for FY 2019) and the change in local property taxes between TY 2017 and the preceding tax year.

Requires ODE to make payments for FY 2024 in June 2024, and payments for FY 2025 in June 2025.

Scholarship Programs

EDUCD26 Income-based EdChoice scholarship income threshold

R.C. 3310.032, Section 265.275

Increases from 250% to 400% the federal poverty level (FPL) income eligibility threshold that a recipient's family must meet to be eligible for a first-time income-based Educational Choice (EdChoice) scholarship.

R.C. 3310.032, Section 265.275

Same as the Executive, but increases the income eligibility threshold to 450% of the FPL.

Increases from at or below 100% of the FPL to at or below 250% of the FPL the income eligibility threshold for the second tier of prioritization order for income-based EdChoice scholarships if the number of eligible students who apply for scholarships exceeds the number of available scholarships based on appropriations (current law requires ODE to award scholarships first to renewing students, second to eligible students at or below 100% FPL, and third to all other eligible students).

Same as the Executive, but further increases the income eligibility threshold to at or below 300% of the FPL.

Requires ODE, beginning July 1, 2023, to use any funds appropriated from the GRF ALI 200550, Foundation Funding-All Students, to administer the expansion of the EdChoice program to students whose family is at or below 400% of the FPL.

Same as the Executive, but increases the income eligibility threshold to 450% FPL.

Fiscal effect: Likely increases the number of scholarship recipients. An estimated \$660.8 million in FY 2024 and \$722.5 million in FY 2025 is available for all scholarship programs, including traditional and income-based EdChoice, Cleveland, Autism, and Jon Peterson Special Needs scholarships.

Fiscal effect: Increases the estimated allocation for scholarships by \$49.0 million in each fiscal year. Automatic increases in maximum scholarship amounts (resulting from changes in the statewide average base cost per pupil (see EDUCD38)) increase estimated scholarship costs by an additional \$71.0 million in FY 2024 and \$78.5 million in FY 2025, bringing the total estimated amount available for all scholarships to \$780.8 million in FY 2024 and \$849.9 million in FY 2025.

EDUCD107 Teacher salaries

No provision.

R.C. 3317.13

Increases the base minimum teacher salary from \$30,000 to \$40,000. Adjusts the statutory stepped teacher salary schedule based on the change to the base minimum salary, using the same percentages for each step as under current law (the stepped teacher salary schedule is based on the teacher's years of service and level of education or training).

Fiscal effect: Increases the salary and benefit costs for about 16,800 teachers who are currently below the proposed minimums for their experience and education level by a total of \$79.5 million annually across traditional school districts (\$73.0 million), ESCs (\$5.7 million), JVSDs (\$0.7 million) and state-operated schools (\$0.2 million), based on FY 2022 data for teachers reported as active employees who were directly employed by their reporting entity. There may also be indirect salary and benefit costs to maintain existing salary differentials for teachers currently earning more than the proposed minimums who, as a result of the bill, would be much closer to them.

EDUCD22 Dyslexia professional development

Requires such students to obtain the permit to student teach, participate in other training experiences, and serve as substitute teachers.

Permits a permit holder to substitute teach for up to one full semester and be compensated for that service.

Permits the district or school employer to approve one or more additional subsequent semester-long periods of teaching for the permit holder.

Permits ODE, on a case-by-case basis, to extend the permit's duration to enable the permit holder to complete the educator preparation program in which the permit holder is enrolled.

EDUCD96 Ohio teacher residency program

R.C. 3319.223, 3319.26

Makes the following changes to the Ohio Teacher Residency (OTR) Program, which is an entry-level program for teachers that must be completed in order to qualify for a professional educator license:

(1) No provision.

(1) Permits the required mentoring under OTR Program to be conducted online or in person.

(2) No provision.

(2) Requires ODE to provide participants and mentors with no-cost online access to professional development resources and sample videos of Ohio classroom lessons submitted for the resident educator summative assessment (RESA).

(3) No provision.

(3) Requires ODE to provide each participant who does not receive a passing score on the RESA with a no-cost opportunity to meet online with an instructional coach to discuss the participant's results, improvement strategies, and professional development.

(4) No provision.

(4) Permits participants who have not taken the RESA to meet with instructional coaches if the participant's district or school pays the costs associated with the meetings.

(5) No provision.

(5) Prohibits the State Board of Education from limiting the number of attempts participants have to successfully complete the RESA.

(6) No provision.

(6) Permits individuals to submit the RESA between the first Tuesday of October and the first Friday of April of the individual's second year of the program.

(7) No provision.

(7) Requires the results of each RESA to be returned within 30 days unless a new assessor is contracted, in which case results must be returned within 45 days.

Executive

In House Finance

No provision.

Reduces the alternative resident educator license from four to two years and, accordingly, reduces from four to two the number of years that an individual must teach under that license before receiving a professional educator license (these changes comport with the reduced duration of the resident educator license and OTR program made by H.B. 442 of the 133rd General Assembly).

Fiscal effect: Increases ODE's state non-GRF costs for the contract to operate the RESA by requiring assessment results to be delivered more quickly than current practice and by providing instructional coaches to consult with entry-level teachers (i.e., resident educators) that do not pass the RESA. Costs to train RESA assessors for this new service will be about \$165,000 with additional annual costs of up to \$7,500 for consultation services. Costs to provide quicker assessment results will depend on contract negotiations with the test vendor. ODE may also incur costs to provide resident educators and mentors with sample videos of classroom lessons submitted for the RESA. District and school costs may increase to support online mentorship, which would likely be provided by mentors in other districts or schools, depending on payment arrangements for out-of-district mentors.

EDUCD97 Professional development leave

Permits an applicant for an initial school counselor license to count the 12 hours of training toward meeting the 600-hour internship requirement for the license.

No provision.

EDUCD86 Third grade reading guarantee; third grade English language arts assessment

R.C. 3313.608, 3301.07, 3301.0711, 3301.163, 3302.151, Section 733.10

No provision.

Eliminates student retention under the law known as the third grade reading guarantee beginning with the 2023-2024 school year (current law requires public schools and chartered nonpublic schools accepting EdChoice or Cleveland scholarships to provide additional supports in reading for a student in grades K-3 determined to be reading below grade level to help the student meet the promotion score by the end of the third grade. In general, under current law, students who do not meet the promotion score are retained in the third grade and receive intensive reading intervention services). Requires districts and schools to continue offering intervention and remediation services to students reading below grade level.

No provision.

Requires school districts and chartered nonpublic schools accepting EdChoice or Cleveland scholarships to provide reading intervention services and reading improvement and monitoring plans to students in grades 4 or 5 reading below grade level or students who have been retained in any of grades K-3 and have received remediation in reading for two school years but continue to read below grade level. Requires school districts to notify parents or guardians of students receiving such services.

No provision.

Eliminates one annual administration of the third-grade English language arts assessment.

No provision.

Requires school districts and schools that retained students for the 2023-2024 school year based solely on that student's score on the third grade achievement assessment in reading in the 2022-2023 school year to promote those students to the fourth grade.

Executive

In House Finance

Fiscal effect: School districts and schools may incur new costs, including for additional teachers, to implement the reading intervention services for the additional grades required under the bill. The elimination of one annual administration of the third-grade English language arts (ELA) assessment (effectively the fall ELA test, as ODE reports the spring test is federally required) decreases GRF expenditures by about \$2.7 million annually.

EDUCD24 Literacy instructional materials list

R.C. 3313.6028, 3301.0714

Requires ODE to compile a list of high-quality core curriculum and instructional materials in English language arts and a list of evidence-based reading intervention programs that are aligned with the science of reading and strategies for effective literacy techniques, and requires each school district, community school, and STEM school to use these, beginning not later than the 2024-2025 school year.

Prohibits a district or school from using the "three-cueing approach" to teach a student to read unless that district or school applies for and receives a waiver from ODE, unless the student has an individualized education program that explicitly indicates use of the three-cueing approach or a reading improvement and monitoring plan.

Prior to approval of a waiver, requires ODE to consider that district or school's grade on the state report card, including on the early literacy component.

Fiscal effect: The bill earmarks \$64.0 million in FY 2024 from GRF ALI 200566, Literacy Improvement, to subsidize district and school costs to purchase ODE-approved curriculum and materials. No provision.	Requires the board of county commissioners or MCJFC, after entering the agreement, and if applicable, to issue bonds or notes in anticipation of the agreement.
No provision.	Requires the board or MCJFC to employ a qualified professional to prepare data the board or MCJFC, and OFCC consider necessary for the project.
No provision.	Requires, if the proposed facility is located within one mile of a state route or highway, the plans also be approved by the ODOT Director.
No provision.	Requires the board or MCJFC to advertise for construction bids using competitive bidding and award the lowest responsible and responsive bidder within 60 days of advertising, and requires that bidder to accept the contract within 10 days of the award.
No provision.	Allows the board or MCJFC to reject all bids and readvertise, with OFCC permission.
No provision.	Requires OFCC to determine the amount of appropriations to be encumbered for any project, based on its estimated construction schedule for that year.
No provision.	Requires OFCC to grant ongoing projects priority for state funds over projects seeking initial state funding.
No provision.	Requires the county auditor to disburse county project construction funds upon the approval of OFCC, which then must issue vouchers against the fund as required.
No provision.	Allows the board of county commissioners to use all or part of the fund's investment earnings that are attributable to the county's contribution to pay the cost of jail facilities, which are not part of the basic project cost.
No provision.	Requires, after project completion, any remaining investment earnings to be retained in the county construction fund or transferred to a project maintenance fund, the county's permanent improvement fund, or OFCC, as appropriate.

No provision.

Permits multiple counties to form a MCJFC, approved by OFCC, and build a multi-county jail facility.

No provision.

Provides that if the voters of one of the counties in a MCJFC fail to approve the funds for that county's portion, the other contracting counties are not obliged to pay it.

No provision.

Creates the Jail Facility Building Fund in the state treasury.

No provision.

States that OFCC has an interest in real property purchased with moneys in the county's project construction fund until obligations are no longer outstanding.

No provision.

Requires OFCC to issue a certificate of completion upon project completion, and certification that the project meets the state's minimum standards.

No provision.

Establishes the corrective action program to provide funding for the correction of defective or omitted work.

Fiscal effect: The fiscal impact will depend on how much money is transferred or appropriated to the Jail Facility Building Fund by the General Assembly and any grants, gifts, or contributions received by OFCC. Counties receiving a minimum of 25% state funding through the jail construction funding process could save between \$2.3 million and \$6.9 million for the construction of a 100-bed facility. A portion of moneys appropriated from the fund may be used to cover costs incurred by OFCC to evaluate county needs, manage projects, and to perform and manage needs assessments, all of which may require additional resources, staff, or both. The bill authorizes counties, with voter approval, to levy property taxes for jail operation and debt service on bonds for jail construction.

FCCCD15 Levies for school facilities projects

No provision.

R.C. 3318.05, 3318.032, 3318.054, 3318.41

Extends, from 13 months to 16 months, the time during which the voters of a school district must approve bond and tax levies related to a school facilities project after OFCC grants conditional approval of the project.

Fiscal effect: Provides traditional school districts and JVSs with three additional months to meet local funding requirements for OFCC school facilities projects.

FCCCD11 Accelerated Appalachian School Building Assistance Program

No provision.

R.C. 3318.33

Establishes the Accelerated Appalachian School Building Assistance Program (AAP) under which eligible school districts in the Appalachian region may apply for special assistance under the Classroom Facilities Assistance Program (CFAP).

No provision.

Requires OFCC to select at least three eligible school districts per fiscal biennium and conduct an on-site visit, assessing the classroom facilities needs of districts selected for assistance.

No provision.

Requires OFCC to conditionally approve project applications and submit them to the Controlling Board for approval.

No provision.

Requires OFCC and the school district to enter into a CFAP project agreement upon Controlling Board approval.

No provision.

Incentivizes district electors to vote favorably to issue bonds and levy a tax to cover district project costs and maintenance by incrementally reducing a district's portion of the basic costs as follows: (1) by 20% in the first election in which the propositions appear; (2) by 15% in the second election; and (3) by 12.5% in the third election.

No provision.

Qualifies for AAP assistance a district in which the electors pass propositions in the year in which the section becomes effective but prior to its effective date.

Executive

In House Finance

No provision.

Requires OFCC, if appropriations are not adequate to meet the needs of AAAP, to proportionally reduce the amount of state funds each eligible district receives for that year and maintains that district's eligibility under AAAP until the project is complete.

No provision.

Retains eligibility for assistance under standard CFAP for any eligible school district that has not received assistance under AAAP in any year in which AAAP is not funded and maintains that district's place in line on the equity list.

Fiscal effect: The bill appropriates \$300 million in the FY 2023-FY 2024 capital biennium from Fund 7032 ALI C230GD, Accelerated Appalachian School Building Assistance, to fund the program (see FCCCD12).

FCCCD13 School facilities maintenance, repair, or replacement assistance

R.C. 3318.37

No provision.

Requires OFCC to allocate at least 10% of its Exceptional Needs Program (ENP) funds each year for the maintenance, repair, or replacement of facilities of a school district that previously completed a project under which the twenty-three year half-mill maintenance funding requirement has lapsed.

No provision.

Requires OFCC to establish an application process for requests for facilities maintenance, repairs, or replacement under the assistance program.

Fiscal effect: Expenditures under this assistance program will most likely depend on how much OFCC sets aside for ENP each year. Continuing law permits OFCC to set aside up to 25% of school facility funds for ENP. From FY 2018 through FY 2022, OFCC disbursed an average of 5.6% (\$16.6 million) of school facility funds each year for ENP assistance. At least 10% of \$16.6 million would amount to approximately \$1.7 million in each year that OFCC would need to spend under the assistance program.

FCCCD6 Amendment to project agreement for maintenance levy**Section: 287.50**

Requires OFCC to amend the project agreement between OFCC and a school district that is participating in the Accelerated Urban Initiative (AUI) if OFCC determines it is necessary to do so in order to comply with the change in maintenance levy requirements enacted by H.B. 1 of the 128th G.A.

Fiscal effect: H.B. 1 of the 128th General Assembly changed the maintenance levy requirements for the six AUI districts (Akron, Cincinnati, Cleveland, Columbus, Dayton, and Toledo) to run for 23 years from the date the initial segment is undertaken, instead of extending for 23 years after the district's last segment was undertaken (the six AUI projects are broken into individual segments). For the districts that have not changed their agreements yet, the H.B. 1 change would reduce the number of years for which the districts would have to levy the required 1/2 mill property tax for maintenance. Currently, projects for Cleveland and Columbus are incomplete. Presumably, these AUI districts would use other funds to meet their building maintenance needs if the original project agreements were amended.

FCCCD7 Disbursement determination**Section: 287.60**

Authorizes OFCC to determine the amount of funding available for disbursement in a given fiscal year for any Classroom Facilities Assistance Program project in order to keep aggregate state capital spending within approved limits. Authorizes OFCC to take actions including, but not limited to, determining the schedule for design or bidding of approved projects, to ensure appropriate and supportable cash flow.

No provision.

R.C. 3701.501

Requires the ODH Director to specify in rule Duchenne muscular dystrophy as a disorder for newborn screening to begin 240 days after the section's effective date.

Fiscal effect: ODH will experience an increase in costs to screen for this condition and to promulgate rules; however, if the newborn screening fee is increased as a result, ODH could experience a gain in fee revenue to help offset some of these costs.

DOHCD44 Fees for copies of medical records

No provision.

R.C. 3701.741

Makes the following changes regarding costs that a health care provider may charge for copies of medical records requested by a patient or patient's personal representative:

(1) No provision.

(1) Generally eliminates specific dollar caps and instead specifies that costs for such records must be reasonable and cost-based, and can include only costs that are authorized under federal laws and regulations.

Executive

In House Finance

(2) No provision.

(2) Adds that a person who holds a power of attorney, or other written authorization to act on the patient's behalf, regarding access to the patient's medical records is subject to the same cost provisions as the patient and the patient's personal representative.

(3) No provision.

(3) In the case of electronic access and transmission of records requested by the patient, patient's personal representative, or holder of a power of attorney, caps the cost at \$50.

Fiscal effect: Any impact for government-owned hospitals will depend on how any current fees differ from the provisions described above.

DOHCD26 Infant vitality scorecard

No provision.

Specifies that the CON changes apply to currently valid CONs, pending CON applications, and pending actions for imposing sanctions.

Fiscal effect: ODH may experience a decrease in CON application fee and penalty revenue. The amount will depend on the number of approved projects that obligate more than 110% of a project's cost.

No provision.

Specifies that a component does not include dry wells, leaching wells, abandoned wells, drainage wells, cesspools, sinkholes, and other direct connections to groundwater that do not provide effluent treatment.

No provision.

Specifies that a household sewage treatment system is causing a nuisance if it is discharging to a dry well, cesspool, sinkhole, or other connection to groundwater.

No provision.

Fiscal effect: Local health departments could realize an increase in public health complaints or questions.

DOHCD45 Nursing home change of operator

R.C. 3721.026, 3721.01, 5165.01

No provision.

Modifies existing law procedures under which an individual or entity that assumes operation of a nursing home must disclose certain information to the ODH Director, to instead require the individual or entity to first complete a change of operator application and pay the applicable fee as determined by the ODH Director. States the information or elements that must be included in a license application.

No provision.

Requires the application fee revenue to be credited to the General Operations Fund (Fund 4700).

No provision.

Specifies that, for certain applicants, the required evidence of a bond or other financial security must be renewed or maintained for five years after the effective date of the change of operator.

No provision.

Requires the ODH Director to revoke a nursing home operator's license if the bond or other financial security is not renewed or maintained.

Executive

In House Finance

No provision.

Allows the ODH Director to utilize the bond or other financial security during the five-year period for which it is required if: (1) the nursing home is closed; (2) the nursing home or its owner or operator is the subject of bankruptcy proceedings; (3) the nursing home or its owner or operator is the subject of receivership proceedings; (4) the license to operate the nursing home is suspended, denied, or revoked; (5) the nursing home undergoes a change of operator, unless the new applicant submits a bond or other financial security; or (6) the nursing home appears in table A, table B, or table D on the special focus facility (SFF) list under the SFF program.

No provision.

Requires the ODH Director to deny an application if any established requirements are not satisfied, but permits an applicant to appeal the denial.

No provision.

Requires the ODH Director to impose a civil penalty of \$2,000 for each day of noncompliance if (1) an applicant fails to notify the ODH Director within 10 days of any change in the required information or documentation or (2) if the ODH Director becomes aware that a change of operator has occurred and the entering operator failed to submit an application, or if fraudulent information was submitted.

No provision.

Declares the General Assembly's intent to require full and complete disclosure and transparency with respect to the ownership, operation, and management of licensed nursing homes in Ohio.

Fiscal effect: ODH will incur costs to administer the application process, monitor compliance, and possibly to promulgate rules. However, application fees and civil penalties may offset some costs.

(2) No provision.

(2) The right not to be transferred or discharged without adequate preparation in order to conduct a safe and orderly transfer or discharge.

(3) No provision.

(3) All other rights regarding transfers or discharges provided under federal law.

No provision.

Requires ODH, in hearings regarding a notice of transfer or discharge, to determine if the proposed transfer or discharge complies with the rights listed above and notification requirements in existing law.

Fiscal effect: Potential increase in costs to ODH if additional hearings are requested.

No provision.

Adds thrombectomy-capable stroke centers to the existing law that allows for state recognition of hospitals as comprehensive stroke centers, primary stroke centers, or acute stroke ready hospitals.

No provision.

Requires ODH to compile and oversee data related to stroke care and, as part of that process, to establish or utilize a stroke registry database.

Executive

In House Finance

No provision.

Specifies that, if ODH established or utilized, prior to the provision's effective date, a stroke registry database that meets specified requirements, then both of the following apply: (1) the bill must not be construed to require ODH to establish or utilize another such database; and (2) ODH must maintain both the process and stroke registry database, including in the event federal moneys are no longer available to support the process or database.

Fiscal effect: ODH currently participates in the federal Paul Coverdell National Acute Stroke Program and receives federal funding to administer the program. Any government-owned hospital recognized as a specified stroke center that does not currently participate could realize costs to do so. However, it appears that most, if not all, such hospitals currently do so.

Recodifies the law governing Environmental Health Specialists (EHSs) and Environmental Health Specialists in training (EHSs in training), into a new Revised Code chapter (Chapter 3776).

Same as the Executive.

Removes all statutorily imposed fee amounts associated with EHS and EHS in training registration and renewal, and instead requires the ODH Director to establish those fees through rule-making.

No provision.

Allows the ODH Director to prescribe the requirements governing and form of examination for initial EHS registration, rather than requiring applicants to take an examination created by the National Environmental Health Association as in current law.

No provision.

Allows the ODH Director, in preparing the examination, to utilize materials prepared by specified experts in environmental health.

No provision.

Specifies that an EHS applicant who fails their initial exam may retake the examination at a time and place specified by the ODH Director.

No provision.

Requires an EHS applicant who is retaking an examination to resubmit an application and pay the application fee.

No provision.

Requires EHSs in training to comply with the same continuing education requirements as are required for EHSs, such as biennially completing a 24-hour continuing education program in specified subjects.

Same as the Executive.

Clarifies that the ODH Director may renew an EHS or EHS in training registration 60 days prior to expiration, provided the applicant pays the renewal fee and submits proof of compliance with continuing education requirements.

Same as the Executive.

Repeals the requirement that the ODH Director:

Same as the Executive.

(1) Prepare annually a list of the names and addresses of every registered EHS and EHS in training and a list of every EHS and EHS in training whose registration has been suspended or revoked within the previous year;

(1) Same as the Executive.

(2) Assign a serial number to each certificate of registration and include it in EHS and EHS in training registration records;

(2) Same as the Executive.

(3) Provide, at least once annually, to each EHS a list of approved courses that satisfy the continuing education program; and

(3) No provision.

(4) Supply a list of continuing education courses to an EHS upon request.

(4) No provision.

Specifies that an EHS in training has up to four years (with a two-year possible extension) to apply as an EHS instead of three years (with a two-year possible extension) as under current law.

Same as the Executive.

Clarifies that all fees collected under the EHS law are deposited into ODH's General Operations Fund (Fund 4700), and eliminates a conflict in current law that requires the fees to be deposited in both Fund 4700 and the Occupational Licensing and Regulatory Fund (Fund 4K90).

Same as the Executive.

Prohibits a person who is not a registered EHS in training from (1) using the title "registered environmental health specialist in training," (2) using the abbreviation "E.H.S.I.T.," or (3) representing themselves as a registered EHS in training.

Same as the Executive.

Executive

In House Finance

Removes the requirement that the ODH Director obtain the advice and consent of the Senate when appointing members of the Environmental Health Specialist Advisory Board.

Same as the Executive.

Requires the ODH Director to issue a certificate of registration if either of the following applies: (1) the person is or has been registered as a EHS or an EHST by any other state; or (2) the person has satisfactory work experience, a government certification, or a private certification in a state that does not issue that certificate of registration.

Replaces the Executive provision with a provision that eliminates standard license reciprocity provisions that are scheduled to take effect on December 29, 2023, and restores and retains current law, which generally requires out-of-state applicants to have at least the same qualifications as that of in-state EHS or EHST applicants.

No provision.

Requires the ODH Director to provide EHSs in training, at least once annually, and upon request, a list of approved continuing education courses (current law requires the ODH Director to provide this to EHSs only).

Fiscal effect: Impacts will depend on the fees and application procedures established in rule. ODH may experience an increase in costs to prepare and conduct examinations; however, ODH could realize some savings with the removal of several requirements regarding registrations.

Fiscal effect: ODH may realize some savings with the removal of certain requirements regarding registration.

Exempts a state institution of higher education from complying with the rule adoption procedures in the Administrative Procedure Act when adopting administrative rules unless the institution is specifically required to follow either procedure (continuing law exempts these rules from review by JCARR and requires the institution to publish the rule on the institution's web site).

Requires the LSC Director to remove rules adopted by a state institution and posted on its website before the provision's effective date.

Fiscal effect: Minimal.

Eliminates the Ohio Board of Regents and generally provides for the Chancellor to assume the duties of the Board not already assigned to the Chancellor under current law.

Establishes the office of ApplyOhio within ODHE to:

No provision.

(4) No provision.

(5) Provide operational support for state institutions of higher education participating in programs and compacts to help Ohio residents with some college credit, but no degree;

(5) No provision.

(6) Coordinate efforts to assist military service members and veterans seeking a postsecondary education in the state; and

(6) No provision.

(7) Perform other duties assigned by the Chancellor.

(7) No provision.

Fiscal effect: The bill appropriates \$3.0 million in FY 2024 and \$3.3 million in FY 2025 from GRF ALI 235416, ApplyOhio Program, to support the office and its responsibilities (see BORCD59).

BORCD38 "Director" to "Chancellor" of Higher Education name correction

R.C. 3333.041

Replaces references to the "Director" with "Chancellor" of Higher Education.

BORCD25 Literacy teacher preparation programs

R.C. 3333.048

R.C. 3333.048

Requires metrics and educator preparation programs to ensure that all educators complete coursework in evidence-based strategies for effective literacy instruction.

Replaces the Executive provision with one that requires the Chancellor, in consultation with the Superintendent of Public Instruction, to establish metrics to ensure that each educator training program includes evidence-based strategies for effective literacy instruction aligned to the science of reading, including phonics, phonemic awareness, fluency, comprehension, and vocabulary development, and is part of a structured literacy program.

Executive

In House Finance

No provision.

Requires the Chancellor to (1) develop an audit process that clearly documents the degree to which each institution of higher education that offers educator training programs is in alignment with the literacy requirements described above and (2) annually create a summary of literacy instruction strategies and practices in place for all educator preparation programs based on the program audits.

No provision.

Requires the Chancellor to revoke approval for programs that are found to be not in alignment and do not address the findings of the audit within one year. Requires all programs to be reviewed every four years after the first audit to ensure continued alignment.

No provision.

Requires the Chancellor, in conjunction with ODE, to do all of the following: (1) complete and publicly release summaries of these audits by March 31 annually; (2) identify approved vendors who can provide professional development experiences that are consistent with the science of reading to educators who are responsible for teaching reading, including faculty in educator preparation programs; and (3) develop a public dashboard that reports the first-time passage rates of students, by institution, on the Foundations of Reading Licensure test.

Fiscal effect: Under continuing law, ODHE and ODE are required to establish metrics and educator preparation programs, and align them with any new requirements, to prepare educators and other school personnel and the higher education institutions that are engaged in their preparation. The bill provides funding for literacy professional development and training for educators in two ALIs. It appropriates \$115.8 million in FY 2024 and \$58.3 million in FY 2025 from GRF ALI 200566, Literacy Improvement (see EDUCD13) and \$1.0 in each fiscal year from GRF ALI 235427, Adult Literacy Initiatives (see BORCD67).

Fiscal effect: Same as the Executive, but appears to increase the administrative responsibilities of ODHE. Also reduces appropriations from ALI 200566 to \$74.4 million in FY 2024 and \$36.8 million in FY 2025 (see EDUCD13).

BORCD32 Public service career preparation programs at universities and colleges

R.C. 3333.0419

Requires each public and private, nonprofit university and college to develop a program and curriculum to prepare students interested in public service careers.

No provision.

Executive

In House Finance

Requires the curriculum to provide knowledge-based civic instruction to help high school and undergraduate students to learn about local and state governments. Requires the program to include at least the following courses: (1) public service leadership; (2) careers and communication; (3) experiential learning; and (4) pre apprenticeship and apprenticeship opportunities with local and state agencies.

No provision.

Permits any high school student enrolled in a public or chartered nonpublic school to participate in the program.

No provision.

Requires the Chancellor to adopt rules governing the operation of the program, including a procedure under which courses established by the program may be used to earn both high school and college credit under the College Credit Plus (CCP) Program.

No provision.

Requires the Chancellor and Superintendent to use CCP to make the model program available to as many students as possible.

No provision.

Fiscal effect: A state institution of higher education may incur administrative costs to establish a program and curriculum required under the bill, if it already has not done so. ODHE's administrative costs will increase to develop rules and create the model program.

BORCD27 Repeal of the Ohio Instructional Grant Program

R.C. 3333.12, (Repealed)

R.C. 3333.12, (Repealed)

Eliminates the Ohio Instructional Grant (OIG) Program.

Same as the Executive.

Fiscal effect: None. The OIG Program was replaced by the Ohio College Opportunity Grant (OCOG) Program as the state's main need-based aid program in 2010.

Fiscal effect: Same as the Executive.

BORCD35 Ohio College Opportunity Grant Program

R.C. 3333.122

R.C. 3333.122

Limits eligibility for an Ohio College Opportunity Grant (OCOG) award, beginning with students who first enroll in the 2023-2024 academic year, to students enrolled at a state university main campus, a private nonprofit university or college, or a private for-profit career college.

Same as the Executive.

Executive

In House Finance

Increases, from an expected family contribution (EFC) of \$2,190 or less to \$10,000 or less, the income eligibility threshold for an OCOG award, beginning with students who first enroll in the 2023-2024 academic year and each academic year thereafter.

Same as the Executive.

Clarifies, for students who first enroll prior to the 2023-2024 academic, that both the EFC eligibility criteria of \$2,190 or less and the method for calculating OCOG awards remains as under current law.

Same as the Executive.

Permits the use of a measure of student financial need established under federal law other than EFC to determine student eligibility.

Same as the Executive.

Replaces the prohibition against an OCOG award exceeding the state cost of attendance with one that prohibits it from exceeding an individual student's cost of attendance, subject to exceptions established under continuing law.

Same as the Executive.

Requires an OCOG award for a student who first enrolls in the 2023-2024 academic year annually to be: (1) \$4,000 per student at a state university main campus; (2) \$5,000 per student at a private nonprofit college or university; and (3) \$1,600 per student at a private for-profit career college.

Same as the Executive.

Requires an OCOG award amount for a student who first enrolls in the 2024-2025 academic year or any academic year thereafter annually to be: (1) \$6,000 per student at a state university main campus; (2) \$6,000 per student at a private nonprofit college or university; and (3) \$1,600 per student at a private for-profit career college.

Same as the Executive.

Prohibits an eligible institution enrolling students who receive OCOG awards from changing its scholarship or financial aid programs with the goal or net effect of shifting the cost burden of those programs to OCOG.

Same as the Executive.

Executive

In House Finance

Requires each university, college, or career college that enrolls students who receive OCOG awards to provide at least the same level of needs-based financial aid to its students as it provided in the prior academic year on either an aggregate or per student basis. Permits the Chancellor, in response to exceptional circumstances, to grant a temporary waiver from this requirement.

Same as the Executive.

Fiscal effect: Students who enroll for the first time in the 2023-2024 academic year or thereafter at a community college or university regional campus will no longer be able to receive an OCOG award. However, these students generally do not receive OCOG currently under the program's "Pell-first" policy. Increasing the EFC eligibility threshold will likely increase the number of students receiving an OCOG award. Students may also be able to use their awards for a broader mix of uses than only instructional and general fees under the current prohibition against an OCOG award exceeding the "state cost of attendance." The bill appropriates \$216.2 million in FY 2024 and \$346.1 million in FY 2025 from GRF ALI 235563, Ohio College Opportunity Grant, to fund the grants (see BORCD73).

Fiscal effect: Same as the Executive, but reduces the appropriations from ALI 235563 to \$140.0 million in FY 2024 and \$175.0 million in FY 2025 (see BORCD73). If these amounts are inadequate to provide grants to all eligible students, ODHE will have to either give preference for awards to those with the lowest EFCs or reduce the specified award amounts proportionally among the eligible sectors of institutions.

BORCD34 Second Chance Grant Program

R.C. 3333.127

Increases, from \$2,000 to \$3,000, the maximum grant amount awarded under the Second Chance Grant Program.

R.C. 3333.127

Same as the Executive.

Increases, from one-time to each academic year until the student completes a degree, the frequency with which the Chancellor may award a grant, if the Chancellor, in consultation with the qualifying institution, determines that subsequent awards beyond the first are an essential element of student success and degree completion.

Same as the Executive.

Expands eligibility for the program to students who enroll in a qualifying institution within 10, rather than five, years of disenrollment.

Same as the Executive.

Executive

In House Finance

Designates eight months as the minimum period a student must be disenrolled to be eligible for an award under the program for institutions that do not operate on a semester calendar.

Same as the Executive.

Fiscal effect: Expanding the disenrollment period and increasing the award amounts, as well as the frequency of receiving those awards, may incentivize more individuals to participate in the program. The bill appropriates \$2.0 million in each fiscal year from Fund 5YD0 ALI 235494, Second Chance Grant Program, to fund the grants (see BORCD89). The appropriations are supported through a cash transfer of up to \$4.0 million from the GRF to Fund 5YD0 in FY 2024 (see OBMCD37).

Fiscal effect: Same as the Executive.

BORCD44 Mentorship Scholarship Program

R.C. 3333.129

Requires the Chancellor to establish and administer the Mentorship Scholarship Program (MSP), under which approved community-based organizations (CBOs) establish mentorship programs.

No provision.

Permits participating mentees to qualify for scholarships for use at any of the following "qualifying institutions": (1) a state institution of higher education; (2) a private, nonprofit college or university; (3) DeVry University; or (4) an Ohio Technical Center (OTC).

No provision.

Requires the Chancellor to select at least five tax-exempt, charitable organizations to act as CBOs under MSP and to ensure that those organizations operate in each of five-designated regions of the state.

No provision.

Requires the Chancellor to monitor each CBO's compliance with its MSP responsibilities and, at the Chancellor's discretion, remove a noncompliant organization.

No provision.

Requires each CBO to (1) assist the Chancellor in administering MSP in the CBO's region of the state, (2) establish partnerships with local stakeholders to increase MSP's capacity to provide mentoring and supports in any county in the CBO's region, (3) operate an MSP mentorship program, and (4) recruit individuals to serve as mentors and mentees in the programs.

No provision.

Executive

In House Finance

Requires a CBO operating an MSP to perform a number of prescribed duties, including (1) requiring individuals to apply to be a mentee or mentor in a manner determined by the Chancellor, in consultation with CBOs, (2) providing specified mentoring and supports to mentees, and (3) approving mentors subject to completion of specified training and results of criminal records checks.

No provision.

Requires the Chancellor, upon application by a current or former MSP mentee, to award a first-time \$2,500 scholarship to that applicant if the applicant is an Ohio resident who has:

No provision.

(1) Obtained a high school diploma or a certificate of high school equivalence;

(1) No provision.

(2) Participated in an MSP mentoring program for at least one year;

(2) No provision.

(3) Completed the Free Application for Federal Student Aid (FAFSA); and

(3) No provision.

(4) Enrolled at a "qualifying institution" for at least six credit hours in a semester, or the equivalent number of credit hours in a quarter or clock hours in a program for which credit is not awarded.

(4) No provision.

Permits a scholarship recipient to annually receive the \$2,500 scholarship if the recipient continues to meet the requirements of the program, but prohibits a recipient from receiving the scholarship for more years than the recipient participated in the mentorship program in high school. Prohibits all recipients from receiving a scholarship beyond four academic years.

No provision.

Requires the Chancellor to pay a scholarship to the recipient's "qualifying institution" and requires the institution to apply those funds to the recipient's cost of attendance, or general and instructional fees if there is no published cost of attendance, after all of the recipient's other financial aid has been exhausted.

No provision.

Permits the Chancellor to delegate all or part of the Chancellor's responsibilities regarding scholarships, and transfer funds for those purposes, to the CBOs.

No provision.

Executive

In House Finance

Establishes the Mentor Scholarship Fund to consist of funds from the General Assembly, the federal government, and other sources and refunds of MSP payments originally disbursed by the Chancellor.

No provision.

Fiscal effect: The bill appropriates \$2.5 million in FY 2024 and \$11.0 million in FY 2025 from GRF ALI 235410, Mentorship Scholarship Program, to fund the program (see BORCD52).

BORCD28 Eliminate college credit transfer study requirement

R.C. 3333.16

BORCD26 Statewide plan on college credit for career-tech courses

R.C. 3333.167, (Repealed)

R.C. 3333.167, (Repealed)

Eliminates a requirement for the Chancellor, in consultation with the Superintendent, to develop and, if appropriate, implement a statewide plan permitting high school students to receive college credit for approved career-technical courses in a manner comparable to the College Credit Plus (CCP) Program.

Same as the Executive.

Fiscal effect: None. ODHE and ODE submitted a report in July 2020 by the Career-Technical Credit Transcript Workgroup, which concluded that a recommendation for a transcription model comparable to CCP was not viable at that time.

Fiscal effect: Same as the Executive.

BORCD101 Ohio Work Ready Grant Program

No provision.

R.C. 3333.24

Establishes the Ohio Work Ready Grant Program, under which the Chancellor must award up to \$3,000 to eligible students enrolled in a qualified program. Prohibits a student from receiving a grant for more than six semesters or the equivalent of three academic years.

Executive

In House Finance

No provision.

Qualifies a student for an award if the student: (1) is an Ohio resident; (2) has completed a FAFSA for the year for which the grant is awarded; and (3) enrolls in a qualified program at a community college.

No provision.

Defines a "qualified program" as a credit or noncredit program that leads to an industry-recognized credential, certificate, or degree and prepares the student for a job that either (1) is identified as an "in-demand" or "critical" job as determined by OWT or (2) is submitted by a community college and will meet regional workforce needs, as determined by the Chancellor.

No provision.

Requires eligible students to apply to the program in a form and manner prescribed by the Chancellor. Requires the Chancellor to determine the form and manner of payments under the program.

No provision.

Requires the Chancellor, in consultation with the providers of qualified programs, to collect and report program metrics that include the demographics of recipients, success rates, and total number of industry-recognized credentials awarded.

Fiscal effect: The bill appropriates \$14.3 million in FY 2024 and \$26.6 million in FY 2025 from GRF ALI 235425, Ohio Work Ready Grant, to fund the program (see BORCD66).

BORCD30 War Orphans Scholarship and veterans' tuition waiver eligibility

R.C. 3333.26, 5910.01

Disqualifies World War I veterans from receiving a tuition waiver from any state-supported school, college, or university. Instead, qualifies World War II veterans for such a waiver.

Disqualifies children of World War I veterans from receiving a War Orphans and Severely Disabled Veterans' Children Scholarship.

Fiscal effect: None. Appears to update outdated eligibility criteria for tuition waivers and scholarships under the War Orphans and Severely Disabled Veterans' Children Scholarship program, respectively. It is unlikely that World War I veterans, their children, or World War II veterans will be attending a state institution of higher education to take advantage of these programs.

JFSCD33 Definition of abused child

R.C. 2151.031

Modifies the definition of "abused child" under the juvenile court law to include a child who is the victim of disseminating, obtaining, or displaying "materials" or "performances" that are "harmful to juveniles," as defined under the criminal law governing sex offenses, where the activity would constitute a criminal sex offense, except that the court need not find that any person has been convicted of the offense in order to find that the child is an abused child.

Includes as an abused child one who has had harm inflicted by a caretaker, where current law, unchanged by the bill, refers to harm inflicted by a parent, guardian, custodian, person having custody or control, or person in loco parentis.

Fiscal effect: Expanding the definition could increase the number of screenings and investigations the PCSAs are required to perform.

Repeals language in the power of attorney form and caretaker authorization affidavit form regarding grandparents caring for their grandchildren, which language provides that the power of attorney or affidavit does not allow a CSEA to redirect child support payments to the grandparent.

Same as the Executive.

Adds redirection to a list of notices under existing law that must be included in each support order or modification.

Same as the Executive.

Repeals a provision of law that generally provides that when a support order is issued or modified, the court or CSEA may issue an order requiring payment to a third person that is agreed upon by the parents.

Same as the Executive.

Delays the effective date of these provisions for six months during which time ODJFS may take action to implement those provisions.

Same as the Executive.

Fiscal effect: Some child support enforcement agencies (CSEAs) can currently redirect orders to caretakers. The provision would allow the remaining counties to also redirect these payments. This would increase the casework for these counties and possibly for counties that allow redirection now if they do so only for certain cases. There would be increased administrative costs, the amount of which would depend on the number of cases and the scope of casework involved. There could be a large initial increase in cases.

PUCCD1 Percentage of Income Payment Plan (PIPP) program

R.C. 4928.54, 4928.543, 4928.544, Repealed: 4928.542

Transfers the authority to aggregate Percentage of Income Payment Plan (PIPP) program customers for the purpose of a competitive procurement process for the supply of retail electric service for these customers from the DEV Director to PUCO and make this authority permissive instead of mandatory as under current law.

Requires PUCO to inform the DEV Director if PUCO decides to aggregate PIPP program customers and requires that to be done as soon as possible after the decision is made for the director's consideration of possible universal service rider adjustments allowed under ongoing law.

Specifies that the design for the competitive procurement process may include full or partial auctions of PIPP program customers to the extent necessary to transition these customers to the applicable standard service offer (SSO) for retail electric service.

Repeals the law requiring winning bids selected under a competitive procurement process that aggregates PIPP program customers to (1) be designed to provide reliable competitive retail electric service to PIPP customers, (2) reduce PIPP program costs relative to the otherwise applicable SSO, and (3) result in the best value for persons paying the universal service rider.

Fiscal effect: Potential increase in costs for PUCO and potential decrease in costs for DEV, both likely minimal. Costs for both agencies for this purpose are reimbursed by the Universal Service Fund Rider, paid by electric consumers. Potential minimal change in costs of electricity for the state and local governments as ratepayers.

No provision.

Allows an electric distribution utility (EDU) or electric cooperative to recover the costs of make-ready infrastructure (i.e., electrical infrastructure required to accommodate the EV charging station's electrical load) through the EDU's or cooperative's rates and charges so long as the subsidy is offered to EV charging providers on a nondiscriminatory basis.

No provision.

No provision.

Prohibits an electric cooperative from including, in the rates it charges, any EV charging station costs, or any costs, unrelated to the provision of electric service. Requires an electric cooperative that owns or operates publicly available EV charging stations to maintain separate books and records of its EV charging station service.

No provision.

Requires an EDU affiliate or subsidiary, or a cooperative, that owns or operates an EV charging station to be subject to the same rates, terms, and conditions that apply to EV charging providers in the EDU's or cooperative's service territory. Permits an EDU and electric cooperative to use an EV charging station on its own premises for the sole purpose of serving its own EVs.

DRCCD10 "Unfavorable" termination of post-release control

R.C. 2967.16

Changes the law pertaining to the Adult Parole Authority's (APA's) functions with respect to the termination of an offender's post-release control (PRC) as follows:

Replaces the requirement that APA classify the termination as "favorable" or "unfavorable," depending on the offender's conduct and compliance with the supervision conditions, with language that instead authorizes APA to classify the termination as "unfavorable" if the offender's conduct and compliance with the supervision conditions is unsatisfactory.

Specifies that if APA does not classify the termination of PRC as "unfavorable," the offender's conduct and compliance with supervision conditions may not be considered as an "unfavorable" termination by a court when considering the factors described in the Felony Sentencing Law at a future sentencing hearing for a felony.

Eliminates the reference to "favorable" in a provision that requires DRC to adopt a rule establishing the criteria for classification of a PRC termination as "favorable" or "unfavorable."

DRCCD19 Earned credit – expansion of maximum allowed

No provision.

R.C. 2967.193, 2967.194

Retains, in the law specifying the maximum credit a prisoner may earn for participating in a DRC-approved program while confined, the current statutory cap on the earned credit of 8% of the prisoner's sentence, which applies until April 4, 2024, but provides that if a prisoner has met the 8% cap as of the bill's effective date, or reaches the 8% cap between that effective date and April 3, 2024: (a) on and after the bill's effective date, the 8% cap no longer applies to the prisoner; and (b) on and after the bill's effective date, the cap is 15% of the prisoner's sentence.

Executive

In House Finance

No provision.

Clarifies that the bill's provisions described above apply to the prisoner with respect to the time the prisoner was confined on and after the bill's effective date and prior to April 4, 2024.

No provision.

Reaffirms, in the law setting forth the new statutory cap of 15% of the prisoner's sentence, which takes effect April 4, 2024, that the new 15% cap will apply only with respect to the time a prisoner is confined on or after April 4, 2024.

Fiscal effect: Potential incarceration cost savings, as certain offenders may be released from prison sooner than otherwise may have been the case under current law. Costs that DRC's Adult Parole Authority incurs to supervise such a prisoner subsequent to their release from prison may reduce the magnitude of these savings.

Authorizes a commercial activities tax exclusion for receipts a taxpayer receives to compensate for lost business resulting from that derailment.

TAXCD68 Income tax rate reduction

No provision.

R.C. 5747.02, Sections 757.50 and 803.210

Reduces, beginning in tax year 2023, the number of income tax brackets, by consolidating the lowest bracket (2.765% for income between \$26,050 and \$46,100) with the second lowest bracket (3.226% for income between \$46,100 and \$92,150).

No provision.

Reduces the rate of that new lowest bracket to 2.75%.

No provision.

Suspends indexing of income tax brackets and exemptions for inflation for tax years 2023 and 2024.

Fiscal effect: Revenue losses of about \$153 million in FY 2024 and \$48 million in FY 2025, with potential additional revenue loss during the biennium due to a reduction in withholding rates. The Tax Commissioner has discretion over withholding rate adjustments and LBO does not have an estimate for the potential additional revenue loss. Of the total revenue loss, the GRF would bear \$148 million in FY 2024 and \$46 million in FY 2025 under codified law, with the remaining revenue loss split equally between the Local Government Fund (LGF) and the Public Library Fund (PLF). Revenue losses to the LGF and PLF would reduce distributions to municipalities, counties, townships, public libraries, and certain other special districts statewide.

TAXCD30 Income tax: increase dependent exemptions

R.C. 5747.025

Increases the dependent exemption amount by \$2,500 for each dependent under the age of 18, beginning in 2023, for income taxpayers. (Currently, each taxpayer, spouse, and dependent is entitled to a personal exemption ranging from \$1,900 to \$2,400, depending on the taxpayer's income.)

No provision.

Executive

Fiscal effect: The all funds tax revenue loss is estimated at \$136.0 million in FY 2024 and \$135.4 million in FY 2025. Revenue to the Local Government Fund (LGF, Fund 7069) and Public Library Fund (PLF, Fund 7065) would each be reduced by 1.66% of these amounts under current law. The operating budget introduced by the Executive would increase each percentage to 1.7% in codified law. The GRF would bear the rest.

R.C. 5747.07, 5747.072; Section 803.60

TAXCD55 Income tax credit for volunteer emergency personnel

No provision.

R.C. 5747.64, 5747.98 and Section 803.180

Authorizes a \$1,000 nonrefundable tax credit against the state personal income tax for volunteer firefighters, first responders, emergency medical technicians, and paramedics who volunteer on one or more days in a month during at least six months of a taxable year.

Fiscal effect: PIT revenue losses up to \$9.1 million in both FY 2024 and FY 2025. Of these amounts the GRF revenue loss would be \$8.8 million each year under codified law, with the remaining loss split equally between the Local Government Fund and the Public Library Fund. Moneys deposited into the LGF and PLF are distributed to counties, municipalities, townships, public libraries, and other political subdivisions. However, the credit would create an incentive for certified providers employed full-time to volunteer during their off-duty days in order to claim the credit; if a significant number responded to that incentive, the revenue loss could be several millions of dollars more per year.

Allows the Tax Commissioner to audit representative samples of a taxpayer's qualified research and development expenses and issue an assessment based on the audit;

Requires a taxpayer consisting of multiple persons claiming a tax credit to compute the credit on a member-by-member basis, rather than across the entire taxpayer group and allows the credit only on the basis of members who were a part of the group on the last day of the year;

Requires taxpayers claiming a tax credit to maintain records to substantiate the claim and retain them for four years.

Fiscal effect: May facilitate administration of the FIT and the CAT with possible revenue effects. If there are revenue effects, they would most likely be revenue gains to the GRF of an uncertain magnitude.

R.C. 5751.01, Section 803.190

Excludes from gross receipts taxable under the commercial activities tax (CAT) any federal, state, or local grants received or debt forgiven to provide or expand broadband service in Ohio.

Fiscal effect: About \$1 million loss to CAT revenues over a three-year period, based on nearly \$400 million in broadband grants awarded by the state and federal government during that duration.

TAXCD49 Commercial activities tax revenue distribution

No provision.

R.C. 5751.02, Section 812.20

Reduces from 13% to 2.25% the amount of commercial activities tax (CAT) receipts allocated to the School District Tangible Property Tax Replacement Fund (Fund 7047) beginning in FY 2024, and reduces from 2% to 0.25% CAT receipts allocated to the Local Government Tangible Property Tax Replacement Fund (Fund 7081). Reallocates the 12.5% difference to the GRF.

Fiscal effect: Revenue available to the GRF is increased by about \$325 million in FY 2024 and \$342 million in FY 2025. However, under continuing law, transfers may be made between the GRF and Funds 7047 and 7081, so the provision does not effect the amount of revenue received by the state or paid to local governments.

Allows a wholesaler or distributor to obtain a refund of excise taxes on cigarettes, other tobacco products, and nicotine vapor products remitted on bad debts arising from the sale of those products and charged off on or after January 1, 2024.

Fiscal effect: Reduces GRF revenue by an uncertain amount, likely hundreds of thousands of dollars annually, and varying considerably from year to year. The revenue losses will lower amounts distributed to counties, municipalities, and townships through the Local Government Fund (LGF, Fund 7069), and to public libraries through the Public Library Fund (PLF, Fund 7065). Also, potentially reduces revenue from Cuyahoga County's excise tax on cigarettes.

Fiscal effect: Reduction in state tax revenues up to \$60 million in FY 2025 only, with 96.68% of the revenue loss borne by the GRF under codified law. The refundable historic building rehabilitation tax credit may be claimed against the personal income tax, the financial institutions tax, the domestic insurance tax, and the foreign insurance tax. (The Tax Expenditure Report includes an estimate that under current law, i.e. without the increase proposed for FY 2025, the credit would result in a decline in the GRF revenue loss from \$104.7 million in each of FY 2023 and FY 2024 to \$52.4 million in FY 2025).

(1) Authorizes a nonrefundable credit against the income tax, insurance premiums tax, or financial institutions tax that piggybacks on the federal low-income housing tax credit (LIHTC) for affordable housing projects.

(2) Allows the Director of the Ohio Housing Finance Agency (OHFA) to reserve a state tax credit for any project in Ohio that receives a federal LIHTC allocation, as long as the project is located in Ohio and begins renting units after July 1, 2023.

(3) Prohibits the Director from reserving any credits after June 30, 2027.

(4) Generally limits the amount of state credits that may be reserved in a fiscal year to \$100 million, but allows unreserved credit allocations and recaptured or disallowed credits to be added to the credit cap for the next fiscal year.

(6) Allows tax credits to be claimed after a project is available to rent but before the Director issues an eligibility certificate, subject to correction once the certificate is issued.

(7) No provision.

(7) Requires the Tax Commissioner to prescribe a formula for uniformly valuing federal subsidized rental housing that takes into account a property's operating income and expenses and a uniform capitalization rate. Sets a minimum total value for such property of 150% of the value of the underlying land. Requires the owner of such property to annually report the property's operating income and expenses to the county auditor of the county in which the property is located. Removes an existing law provision explicitly authorizing a county auditor to value LIHTC property by employing the income approach, cost approach, or comparable sales approach.

Fiscal effect: The executive estimates the GRF tax revenue loss at \$10.0 million in FY 2024 and \$20.0 million in FY 2025.

Fiscal effect: LBO estimates state tax revenue losses of \$22 million in FY 2024 and \$46 million in FY 2025, but estimates are highly dependent on federal policy and the availability of the federal LIHTC. Generally, state tax revenue losses would increase over the six-year period that projects could initially qualify for the 10-year credit, FY 2024 through FY 2029. Once the eligibility period expires, state tax revenue losses will plateau for an additional four years, FY 2030 through FY 2033, then decline over a subsequent six-year period as the 10-year duration of the credit lapses for those projects originally awarded by OHFA from FY 2024 through FY 2029.

Authorizes a nonrefundable tax credit against the insurance premiums, financial institution, or income tax for investment in the development and construction of affordable single-family housing.

No provision.

Generally limits the amount of state credits that may be reserved in a fiscal year to \$50 million, but allows unreserved credit allocations and recaptured or disallowed credits to be added to the credit cap for the next fiscal year.

No provision.

Limits the amount of credit reserved for any single project to the amount by which the fair market value of the project's homes exceed the project's development costs.

TAXCD19 Municipal income tax cross-reference

R.C. 718.01, Sections 803.10 and 820.10

TAXCD61 Municipal income tax: inquiries, notices, and penalties

No provision.

R.C. 718.05, 718.27, 718.85, and 718.89; Section 803.100

Limits the circumstances under which municipal income tax inquiries or notices may be sent by a municipal tax administrator or the Tax Commissioner to a taxpayer subject to a filing extension. Applies the change to taxable years ending on or after January 1, 2023.

No provision.

Limits the penalty that may be imposed on a taxpayer for failing to timely file municipal income tax returns from a \$25 monthly penalty, up to \$150, to a one-time \$25 penalty. Exempts a taxpayer's first failure to timely file from the penalty. Applies the change to taxable years ending on or after January 1, 2023.

Fiscal effect: Reduces municipal income tax revenue, with the reduction variable and depending on the municipality. Statewide, total municipal fiscal losses from the bill are uncertain, but the direct effects are likely to be fairly minimal. If any municipal tax administrators send a prohibited notice, the applicable municipality must reimburse the taxpayer for reasonable costs incurred in responding to the notice, thus increasing such municipality's administrative costs. If the administrator is the Tax Commissioner, the costs will be reimbursed from the GRF; such reimbursement costs are likely to be minimal. There may be indirect effects, reducing revenue to applicable municipalities more significantly, due to reduced incentives for taxpayers to file returns and to file on time.

TAXCD62 Municipal income tax: extension for entities

No provision.

R.C. 718.05, 718.85; Section 803.100

R.C. 128.43, 128.01, 128.45, 128.46, 128.462, 128.47, 128.54, 128.63, 128.99, 5703.052

No provision.

Allows a county that currently levies a property tax to fund 9-1-1 and public safety communications systems to replace that tax with a monthly charge on wireless subscribers and others, if approved by voters.

No provision.

Applies the county charge to voice over internet protocol (VOIP) services, in addition to the existing wireless services and prepaid wireless plans to which the state charge applies.

No provision.

Specifies that the rate for permissive local wireless 9-1-1 charge could not exceed the combined state and county sales tax rate in effect in that county.

No provision.

Creates the permissive local wireless 9-1-1 charge fund in the state treasury and requires the Tax Commissioner to determine the proceeds and return the amounts on a monthly basis to the county treasurer of the county imposing the charge.

Fiscal effect: In calendar year 2022, 22 counties levied a property tax to fund 9-1-1 systems, and they raised about \$30 million statewide. The fiscal effect of the provision is the permissive, as voters must approve any potential charge.

LOCCD25 Competitive bidding thresholds and public improvement contracts

R.C. 153.12, 307.86, 307.861, 308.13, 505.08, 505.37, 505.376, 511.01, 511.12, 515.01, 715.18, 731.141, 735.05, 737.03, 3375.41, 5549.21, 5555.61, 6119.10

No provision.

Increases the statutory competitive bidding thresholds for counties, townships, municipal corporations, libraries, fire and ambulance districts, regional airport authorities, and regional water and sewer districts to \$75,000, through calendar year 2024.

No provision.

Increases the competitive bidding thresholds for these entities by three percent annually after calendar year 2024.

Executive

In House Finance

No provision.

Prohibits subdividing contracts or purchases in order to avoid competitive bidding requirements.

No provision.

Increases the allowable difference between a public improvement project's estimate to the project's contract price from 10% to 20%.

Fiscal effect: Potentially reduces the costs associated with competitively bidding projects for some local entities. The impact on overall contract or project costs no longer subject to competitive bidding under this provision is uncertain.

LOCCD24 County credit cards for state licensing fees

R.C. 301.27

No provision.

Allows a county to use its credit card to pay any fees or charges related to state-issued licenses or certificates.

LOCCD22 Township cemetery deeds

R.C. 317.08, 517.07, 517.271

LOCCD28 Extending county recorder technology fund requests

No provision.

R.C. 317.321

Extends certain provision dates that apply to the diversion of recordation fees from the county general fund to the county recorder technology fund from January 1, 2025, to January 1, 2030.

No provision.

Extends the period during which a county recorder may submit a second proposal for additional funds from October 1, 2023, to October 1, 2028, similarly enabling a diversion of fee revenue for the same purpose.

Fiscal effect: Extending these dates diverts additional uncertain amounts of fee revenue from county general funds to the corresponding county recorder’s technology fund. The extended duration of certain approved applications allows recorders to receive up to \$8 of total base recording fees to the county recorder’s technology fund.

LOCCD26 New community authorities and townships

No provision.

R.C. 349.01, 349.03, 349.04, 349.14

Authorizes a township to form a new community authority or delete territory from an existing new community district with the approval of the board of township trustees, rather than the approval of the county commissioners as under current law, if the new community district is comprised of unincorporated territory and located entirely within a township with at least 5,000 people and in a county with a population of at least 200,000 and not more than 400,000 people.

Fiscal effect: Gives townships meeting these population and location criteria the ability to oversee development under new community districts.

LOCCD27 Township deputy fiscal officer appointments

No provision.

R.C. 507.02

Clarifies that a board of township trustees may appoint a deputy fiscal officer to act as a fiscal officer, when the office is vacant, until a successor fiscal officer is appointed or elected, rather than until a successor fiscal officer is elected.

Fiscal effect: Gives townships the ability to fill fiscal officer vacancies more quickly.

LOCCD23 Free assistance dog registration

No provision.

R.C. 955.011

Allows for an assistance dog (guide dog, hearing dog, or service dog) to have been trained by any nonprofit or for profit special agency, instead of requiring that the dog to have been trained only by a nonprofit special agency as under current law, in order for the dog's owner to receive a free permanent registration from the county auditor.

Fiscal effect: If more assistance dogs would be eligible for free registration because of this change, there would be some slight loss in fees collected by county auditors.

LOCCD4 Minimum age to sell tobacco products

R.C. 2907.02

Expands the offense of illegal distribution of cigarettes, other tobacco products, or alternative nicotine products by prohibiting an individual under age 18 from selling any such product. Makes the first violation a fourth degree misdemeanor and subsequent violations a third degree misdemeanor.

R.C. 2907.02

LOCCD3 Good Samaritan Law -- immunity from arrest for minor drug possession offense

R.C. 2925.11

Modifies the Good Samaritan Law, which provides immunity from arrest for a minor drug possession offense to a person who seeks medical help for an overdose being experienced by self or another, as follows:

Removes the requirement that, within 30 days after seeking or obtaining medical assistance, the individual must seek and obtain a screening and receive a referral for treatment from a community addiction services provider.

Removes the requirement that, upon the request of a prosecuting attorney, the individual must submit documentation of the above to the prosecuting attorney.

Removes the limitation that prohibits a person from being granted immunity more than two times.

Removes the provision specifying that the immunity provisions do not compel any protected individual to disclose protected health information in a way that conflicts with the federal Health Insurance Portability and Accountability Act or specified federal regulations.

Fiscal effect: Potential minimal impact on local criminal justice systems. Potential indirect effect that increases drug-related medical emergency costs for government-owned hospitals and Medicaid Program for medical or substance treatment reimbursements or payments.

Requires a court to impose a fine of up to \$1,000 for each violation.

Fiscal effect: Potential minimal impact on local criminal justice systems. Potential minimal gain in state court cost revenue.

LOCCD29 Residency requirements for county political party central committee

No provision.

R.C. 3517.02, 3517.03

Allows a major political party's county central committee to adopt a bylaw that specifies that a person who is appointed to fill a vacancy on the committee is not required to be a resident of the precinct the person is to represent, so long as the appointee is a resident of the township or municipality in which the precinct is located. Specifies that a person appointed under such a bylaw has the same duties and privileges as a member of the committee who resides in the precinct the member represents.

No provision.

Requires the committee to file a copy of its updated constitution and bylaws with the applicable board of elections.

Fiscal effect: None.

LOCCD2 Indigent drivers alcohol treatment funds

R.C. 4511.191, 4510.43, 4510.45

Allows a court to spend any money in a county indigent drivers alcohol treatment fund (IDATF), county juvenile IDATF, or municipal IDATF, rather than only surplus money as in current law, for substance abuse disorder assessments and addiction services, and transportation to those assessments and services, for any indigent person convicted of a criminal offense, adjudicated a delinquent child, or found to be a juvenile traffic offender when substance abuse was a contributing factor, as well as those convicted of OVI (operating a vehicle while impaired).

R.C. 4511.191, 4510.43, 4510.45

Same as the Executive.

Adds recovery supports as a service that may be funded for offenders specified above.

Same as the Executive.

Eliminates a requirement that a reasonable amount (not to exceed 5%) of an IDATF must be paid to the alcohol, drug addiction, and mental health services (ADAMHS) board for administering treatment.

Same as the Executive.

Eliminates a requirement that courts identify and refer non-certified community addiction services providers seeking surplus funding from an IDATF and associated referral procedures.

Same as the Executive.

Executive

In House Finance

Regarding the required annual report concerning IDATF funds:

(1) Requires each court to annually report certain IDATF information (including fund balances and the number of indigent persons served) to the ADAMHS board, rather than requiring the board to prepare the report and submit it to OhioMHAS.

(2) Requires ADAMHS boards to compile the IDATF information from each court into an annual report and submit it to OhioMHAS.

Same as the Executive.

Fiscal effect: A court would be allowed to spend money on the abovementioned services if funds are more than sufficient to satisfy the purpose of the fund. ADAMHS boards could realize costs to compile information for the report.

LOCCD19 OWDA salary increase

No provision.

R.C. 6121.02

Increases, from \$5,000 to \$7,500, the annual salary of the five members of the Ohio Water Development Authority (OWDA) who are appointed by the Governor.

Fiscal effect: OWDA will incur a \$12,500 per year increase in compensation costs. OWDA operations are primarily funded by loan income and administrative fees from water development and solid waste projects. Currently, OWDA does not receive any GRF or non-GRF appropriations.

LOCCD1 Drainage Assessment Fund
R.C. 6131.43, 6133.15 (repealed)

Abolishes the Drainage Assessment Fund, which was, but is no longer, used to pay each state agency's share of local drainage assessments made under the county ditch laws.

Fiscal effect: None. Agency's pay their share of local drainage assessments under appropriations from their regular operating funds.
