Comparison Document

House Bill 166—133rd General Assembly

Main Operating Budget Bill
(FY 2020-FY 2021)

As Introduced
In House Finance
(LSC 133 0001-4)

May 2, 2019

Introduction

The Comparison Document provides brief descriptions and fiscal estimates of the provisions that make up the executive recommended version and subsequent versions of the biennial main operating budget bill of the 133rd General Assembly, House Bill 166. The document is arranged in alphabetical order by state agency. It also includes three nonagency sections for which appropriations are made: Employee Benefits Fund (PAY), Pension Subsidies (PEN), and Revenue Distribution Funds (RDF) as well as a Local Government Provisions (LOC) section for provisions that affect local governments and that are not listed in other agency sections. A Table of Contents follows this Introduction. Two indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The section for the Department of Education is first arranged by general topic area. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-reference index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-reference index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with the three-letter agency code used in the state's accounting system followed by a comparison document reference ("CD") and a number (TAXCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

The Comparison Document does not include appropriation amounts for the agencies. Please see the Appropriation Spreadsheet for that information. For a complete discussion of the statutory changes in the bill, please see the Bill Analysis for H.B. 166

Allows the Adjutant General to seek Controlling Board approval to restore the appropriation in any appropriation item for which such a transfer was made. (3) Requires, for active duty members of the National Guard who died after October 7, 2001, while performing active duty, the death benefit being paid pursuant to R.C. 5919.33 be paid to the beneficiary or beneficiaries designated on the member's Servicemembers' Group Life Insurance Policy. DASCD25 Debarred vendor participation in state contracts**R.C. 9.242, 125.25, 153.02, 5513.06, and 5525.03**

Provides for a general prohibition against vendor participation in any state contract for the duration of the debarment. Defines "participate," for purposes of the general provision, to mean to respond to solicitation or procurement issued by a state agency, be the recipient of an award of a state contract, or to provide any goods or services to any state agency. Defines "state contract" as any contract for goods, services, or construction that is paid for in whole or in part with state funds.

Requires state agencies to exclude vendors debarred under specified sections, or any other section of law, from participating in state contracts. Specifies, in certain sections, that eligibility for participation in state contracts is restored only when the vendor is not otherwise debarred.

Fiscal effect: Assuming that a vendor has been debarred due to some negative performance under a state contract, it is likely that a prohibition against contracting with a debarred vendor would result in lower overall procurement costs.

DASCD28 Land conveyance process for property located in Qualified Opportunity Zones**R.C. 123.01**

Authorizes DAS to transfer, lease, or otherwise dispose of all the right, title, and interest of the state in real estate located in a federally-designated "Qualified Opportunity Zone," without the need for specific land conveyance legislation.

No provision.

Executive

In House Finance

Requires DAS, not later than January 31 each year, to submit a report to the General Assembly providing details about each transaction, if any, that occurred in the previous calendar year.

Fiscal effect: Potential administrative cost savings. Under current law, land conveyance legislation, identifying the real estate to be conveyed, generally is used to provide DAS with clear authorization to convey specific real estate, as most agencies do not have the authority to convey real estate under the agency's jurisdiction.

No provision.

DASCD36 State agency workforce diversity annual survey and report

No provision.

R.C. 124.91

Requires the DAS Director to annually conduct a survey on diversity within each state agency's workforce at the time of the survey and report the results of the survey to the Governor and General Assembly not later than December 31 of each year beginning December 31, 2020.

Fiscal effect: Although DAS could incur some new costs to conduct the survey and report the results, any increase would likely be negligible.

DASCD35 State employee leave for serving on Team Rubicon disaster recovery efforts

No provision.

R.C. 124.132

Authorizes a state appointing authority, upon the request of Team Rubicon, to grant an employee who is a verified Team Rubicon member leave with pay not to exceed 30 work days in each year, in addition to state employees who are disaster service volunteers certified by the Red Cross as under current law. (Team Rubicon is an organization of military veterans dedicated to serving in disaster recovery worldwide.)

No provision.

Requires the appointing authority to compensate the employee at the employee's regular rate of pay for those regular work hours during which the employee is absent from work.

Fiscal effect: State agencies could incur increased payroll costs to provide paid leave for employees participating in Team Rubicon disaster relief services. State agencies could also incur additional overtime pay as a result of other employees having increased workloads during the Team Rubicon employee's absence.

DASCD29 Supplementary pay for administrative department heads who are licensed physicians**R.C. 124.181**

Allows the Director of DAS to approve supplementary pay to any administrative department head, not just the Director of Health as under current law, if the department head is a licensed physician. Eliminates the limitation that a supplemental pay increase not exceed 20% of the base rate of pay.

Fiscal effect: Potential increases in state payroll costs.

Codifies an uncoded section of H.B. 49 of the 132nd GA that allows DAS to use the Investment Recovery Fund (Fund 4270) to pay the operating expenses of the Federal Surplus Property Program in addition to the State Surplus Property Program.

DASCD27 Proceeds from disposal of surplus state vehicles**R.C. 125.14, 125.832**

Clarifies that the Director of DAS may choose to deposit the proceeds from the disposal of GRF-funded surplus state vehicles in either the Investment Recovery Fund (Fund 4270) or the Fleet Management Fund (Fund 1220).

Permits the Director, if the Director deposits those proceeds in Fund 4270, to transfer those proceeds to Fund 1220.

Fiscal effect: The Investment Recovery Fund (Fund 4270) is used by DAS to operate the State Surplus Property Program. Under continuing law, amounts in excess of the program's operating expenses must be periodically transferred to the GRF. The Fleet Management Fund (Fund 1220) is used by DAS to operate, maintain, and replace the state's vehicle fleet. Under current law, Fund 1220 receives revenue from charges to state agencies and from the sale of surplus vehicles originally purchased with money from the GRF.

DASCD31 Computation of amortization from equipment and systems from IT service delivery and major IT purchases**R.C. 125.18**

Adds the following to the list of operating appropriation items for which the Information Technology Chief Information Officer must compute the amount of revenue attributable to amortization: (1) MARCS administration, including the user fees charged by DAS and deposited into the MARCS Administration Fund, (2) enterprise applications, including the rates charged by DAS to benefiting agencies for the operation and management of information technology applications and deposited into the Enterprise Applications Fund, and (3) Professions Licensing System, including the rates charged by DAS for the cost of ongoing maintenance of the Professions Licensing System and deposited into the Professions Licensing System Fund.

Fiscal effect: The proceeds from these calculated amortization amounts would be deposited into the Major Information Technology Purchases Fund (Fund 4N60) currently used to make infrequent and large-scale IT purchases for state agencies. This provision would provide Fund 4N60 some additional revenue from the noted funds.

DASCD33 Transfers to the Major Information Technology Purchases Fund**R.C. 125.18**

Fiscal effect: The Major Information Technology Purchases Fund (Fund 4N60) is used by DAS to purchase major IT equipment and systems for the state. Transfers under this provision would allow DAS to apply amortized amounts on previously purchased IT equipment and systems to upgrades and new systems as necessary without significantly altering the IT rates agencies pay to DAS for its oversight IT services benefiting state agencies.

Single Medicaid managed care pharmacy benefit manager procurement process

R.C. 125.93, 125.931, 3959.01

No provision.

(1) Not later than July 1, 2020, requires the Director of DAS to select and contract with a single state pharmacy benefit manager (PBM) to administer pharmacy benefits for Medicaid managed care organizations (MCOs).

No provision.

(2) Requires state PBM applicants to provide specified information, including the following: (1) conflicts of interest, (2) the state PBM's affiliations, (3) direct or indirect fees, charges, or any kind of assessments the state PBM imposes on pharmacies with which the state PBM or its affiliates shares common ownership, management, or control, (4) direct or indirect fees, charges, or any kind of assessments the state PBM imposes on pharmacies that operate ten or more, as well as ten or fewer, locations in Ohio, and (5) any financial terms and arrangements between the state PBM and prescription drug manufacturers or labelers, including formulary management, drug substitution programs, educational support claims processing, or data sales fees.

No provision.

(3) Specifies that the state PBM's affiliated companies can also engage in PBM business for Medicaid MCOs.

Executive

In House Finance

No provision.

(4) Prohibits the state PBM or its affiliates from being owned or associated in any way with a Medicaid MCO or the MCO's affiliates.

No provision.

(5) Specifies that the state PBM has a fiduciary responsibility to DAS and Department of Medicaid, including seeking the lowest prices for prescription drugs, pricing drugs at the lowest prices on the prescription drug formulary, and cooperating with audits conducted by a state entity.

No provision.

(6) Clarifies that the state PBM is an "administrator" subject to licensure by the Department of Insurance.

Fiscal effect: DAS would incur some additional cost for overseeing the master state PBM contract procurement process. The effect on Medicaid prescription drug costs will depend on terms in the new state master PBM contract.

Recovery of audit costs

No provision.

R.C. 117.13

Includes among the total costs of audits that are to be recovered both direct and indirect costs and allows the Auditor of State the flexibility to determine the amounts of direct and indirect costs that will be charged to state agencies or local public offices.

No provision.

Requires the Auditor of State to determine and publish rates to be charged to state agencies and local public offices annually instead of establishing those rates by rule as under current law. Requires the rates charged to state agencies to take into consideration federal cost recovery guidelines.

No provision.

Modifies how the Auditor of State recovers the costs of auditing local public offices in two ways. (1) Removes the specification that a local government bears certain costs (i.e. compensation to assistant auditors of state, local public office employees assisting with the audit, and experts, and costs of producing reports) and instead specifies that the Auditor must render a statement of direct and indirect costs for which the local office is responsible. (2) Removes the requirement that the Auditor of State furnish a statement to the fiscal officer of the local public office for allocating the audit cost by each audited fund and instead allows the fiscal officer of the local public office to allocate funds using a methodology provided by the Auditor.

No provision.

Allows the Auditor of State to offset charges billed to a local public office using available resources from the Local Government Audit Support Fund, the GRF, or other state

sources the Auditor of State has for this purpose.

Fiscal effect: These provisions allow the Auditor of State to collect additional revenue to cover the cost of auditing state agencies. They also provide a way to partially offset the costs of audits to local governments through different state sources.

AUDCD3

Local Government Audit Support Fund

R.C. 5747.461, 131.511

Creates the Local Government Audit Support Fund (Fund 5VP0) to be used by the Auditor of State to offset the costs of audits of local public offices.

Requires the Director of Budget and Management to credit monthly a portion of total tax revenue credited to the General Revenue Fund equal to 1/12 of the annual fiscal appropriation from the Local Government Audit Support Fund.

Requires the Director of Budget and Management to develop a schedule identifying the specific tax revenue sources to be used to make the monthly transfers and allows the Director to revise the schedule as necessary.

Fiscal effect: Establishing this fund diverts a portion of GRF revenues to the Local Government Audit Support Fund (Fund 5VP0), which will offset a portion of the audit costs charged to local governments.

Student wellness and success funding

R.C. 3317.0219, 3314.088, 3317.163, 3317.26, 3326.42

EDUCD76 State aid adjustment for districts with TPP value changes

No provision.

R.C. 3317.028, Section 733.10

Eliminates the deduction from a school district’s state foundation aid of the difference between the district’s aid as originally computed with, generally, three-year average total taxable value and as recomputed with value from the preceding tax year. (Under current law, this deduction is made for each district that experiences an increase in public utility tangible personal property (PUTPP) value of more than 10% compared to its total taxable value in the second preceding tax year, which results in lower foundation aid when aid is recomputed.)

No provision.

Requires ODE to credit districts for funds deducted due to such valuation increases between tax years 2017 and 2018.

Fiscal effect: Increases state expenditures and district revenues in FY 2020 because, under current law, the FY 2019 deductions would have been applied against payments made in FY 2020. Requires ODE to use the state share index or state share percentage computed for a district for FY 2019 for purposes of computing FY 2020 and FY 2021 payments for other than foundation aid for which the state share index or state share percentage is a factor.

Specifies that, for purposes of open enrollment, College Credit Plus, and any other payments for which the “formula amount” is used, the formula amount for FY 2020 and FY 2021 equals the formula amount for FY 2019 (\$6,020).

Requires that a community school sponsor with an overall rating of "effective" for at least three consecutive years be evaluated by ODE once every five years, instead of annually as under current law.

Fiscal effect: May decrease ODE's administrative workload to evaluate certain community school sponsors less frequently. As a point of reference, four sponsors were rated "effective" for three consecutive years in the sponsor ratings between the 2015-2016 and 2017-2018 school years. However, the number of sponsors rated "effective" has increased in recent years; 15 sponsors were rated "effective" in both the 2016-2017 and 2017-2018 school years.

EDUCD98

Community school sponsor evaluations - review of draft ratings

No provision.

R.C. 3314.016

Requires ODE, prior to the publication of the final ratings for community school sponsors, to permit each sponsor to review the information used by ODE to determine the sponsor's rating on the academic performance component and to request an adjustment to the sponsor's rating for that component, if it believes there is an error in ODE's evaluation. (Current law permits sponsors to review and request adjustments only on the "adherence to quality practices" and "compliance with laws and rules" components of the sponsor evaluation system.)

Fiscal effect: May increase ODE's administrative responsibilities.

EDUCD63 Dropout prevention and recovery community school report cards

No provision.

R.C. 3314.017

Changes the dropout prevention and recovery school report card measure of percentage of 12th grade students who have attained the designated passing score on all applicable high school assessments to the percentage who have attained the cumulative performance score on the end-of-course exams.

Fiscal effect: May modify the number of schools rated as "exceeds standards," "meets standards," or "does not meet standards" on this measure of the report card. In general, the measure currently assesses the passage rates of students in the Class of 2017 or earlier on the Ohio Graduation Tests (OGTs) and of students in the Class of 2018 or later on all seven end-of-course (EOC) exams. For purposes of one of the state's three main graduation pathways, a student must earn a cumulative amount of 18 points on the EOC exams (a student earns between 1 and 5 points for each exam depending on performance level; a "proficient" (or passing) level earns 3 points). Under the bill, a student would be counted as meeting the measure if the student attains at least 18 points on the EOCs instead of at least 21 points on the EOCs or, depending on the student's class, passing the OGTs under current law.

Community school sponsor check of finding for recovery database

No provision.

R.C. 3314.02

Removes the requirement that community school sponsors must annually verify that no finding for recovery has been issued against any individual who proposes to create a community school or any member of the governing authority, the operator, or any employee of each community school.

Fiscal effect: Minimal decrease in administrative workload for school districts and educational service centers that sponsor community schools and ODE's Office of School Sponsorship.

No provision.

R.C. 3314.02

Re-classifies a "conversion" community school that later enters into a sponsorship contract with an entity that is not a school district or educational service center as a "start-up" community school.

Fiscal effect: Subject to certain exceptions, conversion community school students are included in the sponsoring district's accountability calculations while start-up community school students are not included in a district's accountability calculations.

EDUCD40 Community school mergers

R.C. 3314.0211

Permits two or more community schools to merge upon the adoption of a resolution by the governing authority of each school and requires the surviving community school to enter into a new contract with a sponsor. Generally prohibits the transfer of a sponsor's existing contract to the surviving community school.

Specifies that participating in a merger does not exempt a community school from the laws regarding permanent closure.

Requires ODE to issue a report card for the surviving community school and requires that the ratings of the surviving community school, whether issued before or after the merger, be used for the purposes of school closure for poor academic performance and other matters that depend on report card ratings or measures.

Prohibits a community school from merging if its sponsor has notified the school of the sponsor’s intent to terminate or not renew the sponsor contract or if the community school has met the criteria for involuntary closure for one of the last two years.

Fiscal effect: Any costs for a community school to implement a merger are permissive.

Specifies that, if a contract between a sponsor and the governing authority of a community school provides for the sponsor to receive a portion of the total funding calculated for the community school, ODE (rather than the community school governing authority) must annually pay the portion of the funds directly to the sponsor out of the school's state operating payments.

Fiscal effect: Shifts the administrative workload of making sponsorship fee payments from community schools to ODE. Continuing law limits the payments to no more than 3% of the total amount of payments for operating expenses that the school receives from the state.

EDUCD95 Community school assurances

No provision.

R.C. 3314.19

(Under current law, sponsors must provide this list of assurances annually to ODE not later than 10 business days prior to the opening of the school.)

No provision.

Requires ODE to annually prepare and submit to the State Board of Education a report that contains the e-school reporting information received by ODE.

student (a) is participating in learning opportunities during at least 90% of school days or (b) is on pace for on-time completion of any course in which the student is enrolled. Specifies that a student is absent if one or both of those conditions are not met during any day in which the student fails to participate in learning activities.

(3) No provision.

(3) Notify a student's parent, guardian, or custodian when a student has been absent for 10 or more school days in a school year.

(4) No provision.

(4) Include in its policy guidance to employees in addressing student absences a tiered consequences procedure that includes student disenrollment for continued failure to comply with an individual learning plan.

(5) No provision.

(5) Provide a student's parent, guardian, or custodian with available alternative educational options when a student is disenrolled.

No provision.

Specifies that each e-school must continue to comply with any applicable current school attendance or community school law requirements that do not directly conflict with one or more of the requirements described above.

No provision.

Specifies that "learning opportunities" offered by an e-school include any of the following that a student is expected to complete, participate in, or attend during any given school day: (1) online logins to curriculum or programs, (2) offline activities, (3) assignments within a particular program, curriculum, or class, (4) testing, (5) in-person communication, (6) telephone or video conferences, and (7) e-mail, texts, phone calls, or other meetings.

Executive

In House Finance

Fiscal effect: Increases administrative costs for e-schools, particularly to develop the required individual learning plans. May affect state aid for e-schools and the student's resident district depending on the extent to which the attendance policies and individual learning plans change participation behavior. Currently, an e-school student's full-time equivalency for funding purposes is based on the number of documented hours of learning opportunities the student participates in and the total number of hours in the school's calendar.

EDUCD90 Report card grades and community school sponsor ratings - ODE failure to assign ratings by statutory deadline

No provision.

R.C. 3302.03, 3302.037, 3314.016

Specifies that, if ODE fails to assign letter grades each year on the state report card for a school district or building by the deadline specified in current law (September 15th, or the preceding Friday if that day falls on a Saturday or Sunday), ODE must assign the school district or building the same grade for each measure that it was assigned for the previous school year or a "B" for each measure, whichever is the higher per measure.

No provision.

Requires that, if ODE fails to assign a rating for a community school sponsor by November 15th each year in accordance with current law, ODE must assign the sponsor the same rating for each component that it was assigned for the previous school year or an "effective" rating for all components, whichever is the higher per component rating.

No provision.

Specifies that, if ODE fails to assign report card ratings or sponsor ratings by the deadlines specified in current law, those ratings, as well as any from previous years, will not be considered in determining whether a school district, building, or sponsor is subject to sanctions or penalties, thereby creating a new starting point for determinations that are based on ratings over multiple years.

EDUCD88 **Statutory changes to report cards - effect on penalties or sanctions**

No provision.

R.C. 3302.037

Specifies that, if any statutory change is made to the calculation or determination of grades or to the graded measures on the state report card, the report card ratings issued for the school year in which the change takes effect and any previous report card ratings are not considered when determining whether a school district or school is subject to penalties or sanctions. (Essentially, any change creates a new starting point for any determinations made based on report card ratings over multiple years.)

Fiscal effect: May reduce the number of districts or schools subject to penalties or sanctions in a given year if changes are made to the report card, which may, in turn, affect school district revenues and expenditures and state expenditures for academic distress commissions.

(2) Requires the state Superintendent to select one of the following improvement interventions based on the needs and situation of the district if a district (a) receives overall grades of "F" on the report card for at least two consecutive years and has not complied with the expectation and support agreement or has not made sufficient academic improvement or (b) is subject to academic distress commission on the bill's effective date: (i) an assistive option, including the appointment of certain ODE employees to serve as district facilitators, district monitors, or school-level coaches, (ii) an improvement supervisor, (iii) a local superintendent supervisor, (iv) a new seven-member board appointed by the major of the municipality in which a majority of the district's territory is located, (v) school directors, (vi) contracted school management, (vii) an academic distress commission (see EDUCD62), or (viii) a chief executive officer appointed by the state Superintendent.

Removes a district from "substantial and intensive support" status if the district receives an overall grade of "C" or above on the report card or upon the state Superintendent's determination based on the academic performance of the district and individual school buildings operated by the district and evidence of a district's capacity for sustainable improvement.

Requires the State Board to approve any formal agreement between the eligible township's board of trustees and the board of education gaining territory and provide written notification of the approval to both boards of education affected by the territory transfer.

No provision.

Stipulates that, upon receiving written notification from the State Board, the board of education of the district to which the territory is being transferred must file a map showing the boundaries of the territory transferred with the county auditor and requires the two district boards and township board of trustees to equitably divide funds and indebtedness between the districts.

Fiscal effect: Some districts may gain territory and some may lose territory. May shift local tax revenues and indebtedness depending on whether a formal agreement is entered into and the terms of the agreement. May increase the costs incurred by some county boards of elections, particularly if a special election is needed. May increase the administrative costs of the affected district boards of education.

EDUCD83 School breakfast programs

No provision.

R.C. 3313.818, 3314.03, 3314.18, 3326.11, 3313.813

Requires ODE to establish a program, under which higher-poverty public schools must offer breakfast to all enrolled students during the school day to be phased in over a three-year period, as described below. (This applies to schools operated by school districts, community schools (except e-schools), and STEM schools.)

No provision.

Requires, in the first school year after the bill's effective date, any public school in which at least 70% of students were eligible for free or reduced-price meals in the prior school year to participate in the program. Reduces the participation threshold to 60% in the second school year and to 50% in the third school year and each school year thereafter.

No provision.

Requires ODE to publish a list of qualifying public schools, to monitor participating schools, and to offer assistance in implementing and administering the program.

No provision.

Requires ODE to submit an annual report on the breakfast program to the General Assembly and the Governor and to publish on its website annual statistical reports specifying the number and percentage of students participating in breakfast programs disaggregated by district and individual schools.

Executive

Fiscal effect: As many as 1,500 schools may be required to serve breakfast under this program after it is fully phased in. Nearly all of these schools currently operate a school breakfast program (SBP) of one sort or another. If the bill leads to greater participation in SBPs, a public school's federal reimbursements as well its school food service costs will increase. These increases may be in the millions of dollars or more annually on a statewide basis depending on the level to which participation increases. Federal reimbursements for the SBP are passed through to public districts and schools from ODE. ODE will incur additional personnel costs to administer the program, provide technical support for schools and districts, and complete annual reports.

“F” on the report card for three consecutive years and, instead, authorizes it as an option for a school district improvement intervention (see EDUCD60).

Permits the state Superintendent to select a different improvement intervention for a school district currently subject to an ADC or to choose to continue with the ADC already in place.

No provision.

Removes the qualifications that allow a district to begin its transition out of being subject to an ADC and, instead, permits the state Superintendent to determine when a district may transition out of an ADC in accordance with the bill’s provisions on ending interventions (see EDUCD60).

No provision.

Changes the composition of an academic distress commission to the state Superintendent or the state Superintendent's designee and four members appointed by the state Superintendent, consisting of the following personnel from other school districts: a school district superintendent, a school board member, a treasurer, and a building principal (current law requires an ADC to be composed of (1) three members appointed by the state Superintendent, one of whom is a resident in the county in which a majority of the district’s territory is located, (2) one teacher appointed by the president of the district board, and (3) one member appointed by the mayor).

No provision.

Requires the district board of education to submit a candidate for chief executive officer (CEO) to the ADC for its approval instead of the ADC selecting and appointing the CEO without the input of the district board, as under current law.

No provision.

Executive

In House Finance

Changes or eliminates certain powers of the CEO, including the following: (1) requires personnel changes made by the CEO to be approved by the ADC, (2) removes the progressive addition of new powers for the CEO if a district continues to be subject to an ADC, (3) removes the ability of the CEO to implement innovative education programs, and (4) removes the ability of the CEO to reconstitute any school operated by the districts.

No provision.

Requires the CEO, when developing a district's academic improvement plan, to receive input from community stakeholders and the several advisory groups appointed by the state Superintendent (see EDUCD60). Requires the CEO to submit the academic improvement plan to the district board 150 days after appointment and requires the district board to suggest modifications and approve the plan (under current law, the CEO must submit the plan to the ADC within 90 days of appointment).

No provision.

Permits an ADC to suspend or override any decision of the district board or district administration that the ADC determines is inconsistent with the district's improvement plan.

No provision.

Maintains current law qualifying students residing in a district for which an ADC has been established for the Education Choice Scholarship Program.

No provision.

Executive

In House Finance

Fiscal effect: Generally provides district school boards with more authority in a district's improvement process. Ultimately, any fiscal effect will depend on the extent to which the state Superintendent retains current ADCs and establishes future ADCs (see EDUCD60). Currently, three districts have an established ADC: Youngstown City School District, Lorain City School District, and East Cleveland City School District. Under current law, ODE anticipates up to four additional districts becoming subject to an ADC over the next two years.

Fiscal effect: May lower state expenditures as the state pays the salary for each ADC's chief executive officer (CEO). Total compensation for each of the three existing ADC CEOs is estimated at \$305,000 for FY 2019 and is expected to increase to approximately \$352,000 in future years. School districts that would have become subject to an ADC under current law may have higher revenues and expenditures, as fewer students in the districts may qualify for scholarships under the traditional Educational Choice Scholarship Program. If a student receives a scholarship, the district does not incur the expense of educating the student and funding is deducted from the district's state aid. The bill also may have indirect fiscal effects on the operating costs of school districts that otherwise would be subject to an ADC, depending on the actions that the ADC's CEO would have taken had an ADC been established.

- (1) The district intends to build new classroom facilities on land originally owned by a state community college with the intention of collaboratively working with the state community college on workforce development programs and curriculum;

Specifies that (1) the Ohio Facilities Construction Commission must give first priority for funding for a Classroom Facilities Assistance Program (CFAP) project to districts that satisfy the conditions described above as such funds become available and (2) those districts' portions of the basic project cost of CFAP projects must be the same percentage of the basic project cost as under their initial agreements under ELPP.

No provision.

No provision.

Prohibits health plan issuers, pharmacy benefit managers (PBMs), or any other administrators from requiring cost-sharing in an amount greater than the lesser of either of the following: (1) the amount an individual would pay for the drug if the drug were to be purchased without coverage under a health benefit plan, or (2) the net reimbursement paid to the pharmacy for the prescription drug by the health plan issuer, PBM, or other administrator.

No provision.

Prohibits health plan issuers, PBMs, and other administrators from retroactively adjusting a pharmacy claim for reimbursement of a prescription drug unless the adjustment is the result of either (1) a pharmacy audit, or (2) a technical billing error.

No provision.

Prohibits health plan issuers, PBMs, or other administrators from charging a fee related to a claim unless the amount of the fee can be determined at the time of claim adjudication.

No provision.

Requires a pharmacist, pharmacy intern, or terminal distributor of dangerous drugs who has information indicating that the cost-sharing amount required by the patient's health benefit plan exceeds the permitted amount to provide such information to the patient and ensure that the patient is not charged the higher amount.

No provision.

Allows the Superintendent of Insurance to suspend for up to two years, revoke, or not renew any license issued to a PBM, or

other administrator, if the PBM or administrator violates the price disclosure requirements. Requires the Department of Insurance to create a web form that consumers can use to submit complaints associated with violations of the requirements.

Fiscal effect: May increase administrative costs for the Department of Insurance and the State Board of Pharmacy. Any such costs for the Department of Insurance may be offset in part by penalties collected by the Department, and would be paid from the Department of Insurance Operating Fund (Fund 5540). Any penalties collected by the Department will also be deposited into Fund 5540. Any increase in the Board's administrative costs will be paid from the Board's appropriation item 887609, Operating Expenses (Fund 4K90); all penalties collected by the Board will be deposited into Fund 4K90. INSCD4 Telemedicine services

R.C. 3902.30

Requires all health benefit plans to provide coverage for telemedicine services on the same basis and to the same extent as in-person services. Prohibits such plans from excluding telemedicine services from coverage solely because they are telemedicine services. Prohibits such plans from (1) imposing a lifetime benefit maximum in relation to telemedicine services other than a maximum imposed on all plan benefits and (2) requiring cost-sharing for telemedicine services in an amount greater than that for comparable in-person services. Specifies that the requirement and prohibitions apply to all health benefit plans issued, offered, or renewed on or after January 1,

Fiscal effect: The prohibition against excluding coverage for telemedicine services has the potential to increase costs for the state and local governments to provide health benefits to employees and their dependents. Currently, telemedicine service is not included in the state's health benefit plan, thus, it may minimally increase costs to the state to provide health benefits to employees and their dependents. To the extent that telemedicine services are already included in a local government's health benefit plan, there should be no impact on their costs of providing health benefits to employees and their dependents.

Health care price transparency

R.C. 3962.01, 3962.011 through 3962.15, 5164.65, and Section 751.30

No provision.

Adds to current health care price transparency requirements that apply to products, services, and procedures.

No provision.

Requires that certain health care providers and health plan issuers provide to patients or their representatives a cost estimate for nonemergency health care products, services, or procedures before each is provided. Enumerates certain information that must be included in a cost estimate. Specifies that the requirement applies to a health care provider that is a hospital or hospital system or is owned by a hospital or hospital system on the effective date of this bill. Specifies that on and after March 1, 2020, the requirement applies to all other health care providers.

No provision.

Authorizes the Superintendent of Insurance, the Department of Health, Department of Medicaid, or the relevant regulatory board to impose administrative remedies on a health plan issuer or health care provider who fails to comply with the bill's health care price transparency provisions.

No provision.

Specifies that a contract clause prohibiting a health care provider or health plan issuer from providing patients with quality or cost information is invalid and unenforceable.

No provision.

Authorizes any member of the General Assembly to intervene in litigation that challenges the bill's health care price transparency provisions or the existing law pertaining to price transparency.

No provision.

Specifies that it is the General Assembly's intent in enacting the bill's health care price transparency provisions to provide patients with the information they need to make informed choices regarding their health care, to maximize health care cost savings for all residents of Ohio, and to reduce the burden of health care expenditures on government entities, including Medicaid.

Executive

In House Finance

Fiscal effect: The requirement that the Department of Insurance create or procure a connector portal would increase the Department's costs by an uncertain amount. Any increase in such costs would be paid from Fund 5540. Administrative costs for the departments of Insurance, Health, and Medicaid, and other regulatory boards may increase due to regulatory need to monitor compliance by health plan issuers and health care providers. Potential indirect reductions in costs to state and local public employee benefit plans and the Medicaid program due to potential increase in consumers shopping for lower prices for medical services; if there is any reduction in such costs, the magnitude of the reduction is very uncertain.

Oil and Gas Leasing Commission Administrative Costs

R.C. 1505.09

Authorizes the existing Geological Mapping Fund (Fund 5110) administered by the Chief of the Division of Geological Survey to be used for the administration of the Oil and Gas Leasing Commission in addition to its current allowable use: covering the cost of making maps and reports on geology, geologic hazards, and energy and mineral resources in Ohio.

Fiscal effect: Currently only the Oil and Gas Leasing Commission Administration Fund, which receives fees charged for the nomination of parcels of state land to be leased for oil and gas exploration and production, and related fees may be used for such purposes; however, that fund does not have any money in it.

DNRCD31 Land ownership calculation - unitization of oil and gas pools

No provision.

R.C. 1509.28

Retains current law that authorizes the owners of 65% of the land area overlying a pool (underground reservoir of oil, gas, or both) to apply to the Chief of the Division of Oil and Gas Resources Management to consider the need for the operation of the entire pool or part of a pool as a unit, but in addition specifies that when calculating the 65%, a land owner's entire interest, including any divided, undivided, partial, fee, or other interest in each tract must be included to its fullest extent of that interest.

Fiscal effect: None.

DNRCD32 Registrations and identification and transfer and assignment of oil and gas wells and leases

No provision.

R.C. 1509.31

Prohibits a person from operating an oil and gas well without first registering with and obtaining an identification number from the Chief of the Division of Oil and Gas Resources Management, effectively prohibiting a person that has a well assigned or transferred to them from operating the well until the assignee or transferee registers and obtains the identification number.

No provision.

Requires an assignee or transferee of an oil and gas lease that includes a well to notify the Division of Oil and Gas Resources Management of that assignment or transfer if: (1) the assignor or transferor failed to submit the notice as required by current law, and (2) the assignor or transferor is deceased, dissolved,

No provision.	Specifies that when the assignee or transferee provides the notice to the Division, the assignee or transferee must attest to ownership of the lease and is not required to pay any fee associated with the notice.
	Eliminates the \$100 nonrefundable fees that must be paid by the assignor or transferor of either an oil and gas lease or a well when notifying the Division of the assignment or transfer of the lease or well.
	Fiscal effect: Eliminating the \$100 nonrefundable transfer fee may result in revenue loss of several hundred thousand dollars a year. Under current law, these fees are deposited to the credit of the Oil and Gas Well Fund (Fund 5180).

DNRCD34Oil and gas appeal process

No provision.	R.C. 1509.36 Clarifies when an appeal of an order of the Chief of Oil and Gas Resources Management must be made to the Oil and Gas Commission by specifying that a person to whom the order was issued must make the appeal within 30 days after receiving the order.
No provision.	Eliminates the requirement that the Chief's order be sent via certified mail. Fiscal effect: Allowing the Chief to deliver an order via some means other than certified mail may result in some administrative cost savings for the Oil and Gas Well Fund (Fund 5180). Any savings would likely be minimal at most.

DNRCD33 Oil and gas regulatory cost recovery assessment calculation

No provision.

R.C. 1509.50

Alters the manner in which the oil and gas regulatory cost recovery assessment is calculated from a formula to a flat assessment of: (A) one-half of 1¢ per 1,000 cubic feet of natural gas for all of an owner's wells, and (B) 10¢ per barrel of oil for all of an owner's wells.

No provision.

Eliminates a provision specifying that the assessment for a well that becomes an exempt domestic well on or after June 30, 2010 is \$60, due on July 1st each year.

Fiscal effect: These changes reduce the amount collected through cost recovery fees applied to low volume oil and gas wells. Under current law the minimum cost recovery fee for a low producing well is \$15 and for exempt domestic wells, \$60. Cost recovery fees are deposited to the credit of the Oil and Gas Well Fund (Fund 5180).

Opportunity Zone tax credit

R.C. 122.84, 107.036, 122.86, 5747.02, 5747.82, and 5747.98

Creates a new Opportunity Zone Investment tax credit equal to 10% of an individual's investment in an Opportunity Zone investment fund, up to \$1 million per biennium. Permits the credit to be used to reduce personal income tax liability and makes it nonrefundable. Prohibits the Director of Development Services, to whom applicants must apply to be issued a tax credit certificate, from issuing more certificates than would cause the tax credits claimed in any fiscal biennium from exceeding \$50 million. (Under federal income tax law, investments made in an Opportunity Zone fund and held for at least five years accrue the federal tax benefit of deferred and reduced taxable capital gains. The proposed Ohio credit does not have a minimum holding period.)

Fiscal effect: May reduce income tax revenue. The Executive estimates a GRF tax revenue loss of \$30 million in FY 2021. Would reduce transfers through the Local Government Fund (Fund 7069) and the Public Library Fund (PLF, Fund 7065), each by 1.66% of any GRF revenue reductions under codified law, to local governments and public libraries. Modifications to income tax brackets and rates

No provision.

R.C. 5747.02, 5747.01, 323.151, 5747.022, 5747.025, 5747.05, 5747.054, 5747.055, and 5748.01; Sections 757.150 and 757.160

Modifies income tax rate structure such that the tax rate is reduced to zero in the current bottom two tax brackets, exempting from the income tax individuals whose income is \$22,250 or less. Reduces marginal tax rates by 4.7% in the two tax brackets above them - the marginal tax rate applicable to incomes starting at \$22,250 from 2.969% to 2.829% and the marginal rate applicable to incomes starting at \$44,400 from 3.465% to 3.302%. (Tax rates are unchanged for brackets beginning at income level \$88,800.)

Fiscal effect: Reduces personal income tax revenue by approximately \$300 million per year.

TAXCD35

Pass-through entity withholding tax

No provision.

R.C. 5747.41, 5733.40, 5733.41; Section 757.50

Reduces the rate of a tax paid by certain pass-through entities on a percentage of its nonresident investors' distributive income: from 5% to 3% for individual investors and from 8.5% to 3% for nonindividual investors. (The state income tax rate on business income above \$250,000 is 3%.)

by law. (Under continuing law, the pass-through entity tax collects income tax owed by nonresident pass-through entity investors.)

Fiscal effect: Does not change any taxpayer's tax liability, but would reduce the amount of withholding taxes collected. To the extent that taxpayers do not claim all refunds to which they are entitled under current law, the reduction in withholding taxes collected may result in a decline in tax revenue, possibly ranging to millions of dollars, affecting primarily the GRF.

No provision.

R.C. 5747.73, 5747.02, 5747.02, 5747.98 and Section 757.120

Authorizes a nonrefundable income tax credit for a taxpayer eligible for the federal work opportunity tax credit (WOTC) for employing an ex-felon. (The maximum credit under the federal WOTC is \$2,400). The state credit equals 30% of the taxpayer's federal WOTC, and any unclaimed balance may be carried forward for seven years.

Fiscal effect: Reduces revenue from the individual income tax by up to \$3 million annually. Revenue losses may be higher in certain future years due to the carryforward provision.

Makes changes to the sales taxation of transportation network company (TNC) services (those services are rendered when a rider uses a digital network to arrange transportation with a driver - e.g., Uber, Lyft).

No provision.

Specifies that the TNC providing the digital network is the vendor required to collect and remit sales taxes in such transactions, rather than the driver.

No provision.

Excludes from the taxable price of such services any fee charged for the service except the base fare or fees based on distance or time.

No provision.

Clarifies that such services are only subject to sales tax if the rider is picked up and dropped off in the state. (Currently, such services are subject to tax only if the transportation occurs entirely within the state.)

Fiscal effect: Increases sales and use tax revenue by between \$16.2 million and \$24.3 million in FY 2020, and by between \$17.7 million and \$26.6 million in FY 2021. Fiscal effect: According the Tax Expenditure Report published in conjunction with the executive operating budget proposal, repealing the credits will increase sales and use tax revenue by about \$33 million in FY 2020 and \$44 million in FY 2021. Increases revenue from permissive county and transit authorities taxes by about \$8 million in FY 2020 and \$11 million in FY 2021

No provision.

Modifies Ohio's substantial nexus assumptions as follows: (1) Adds a presumption of substantial nexus for sellers that have gross receipts in excess of \$100,000 from sales into Ohio or engage in 200 or more separate sales transactions into Ohio during the current or preceding calendar year. (2) Eliminates a presumption of substantial nexus for sellers with annual Ohio sales in excess of \$500,000 that either (a) use computer software stored or distributed in Ohio to make Ohio sales or (b) provide, or enter into an agreement with a third party to provide, content distribution networks in Ohio to accelerate or enhance the delivery of the seller's website to Ohio consumers. (3) Eliminates a presumption of substantial nexus for sellers that enter into "click-through" agreements with Ohio residents.

No provision.

Regarding the use tax collection by marketplace facilitators: (1) Requires persons that own, operate, or control a physical or electronic marketplace through which retail sales are facilitated on behalf of other sellers (i.e., "marketplace facilitators") to register as a seller and collect and remit the use tax due on all transactions facilitated through that marketplace. (2) Specifies that a marketplace facilitator is presumed to have substantial nexus with Ohio if (a) the gross receipts derived from sales made or facilitated into Ohio by the marketplace facilitator exceed \$100,000 during the current or preceding calendar year, or (b) if the marketplace facilitator makes or facilitates 200 or

more sales into Ohio during the current or preceding calendar year. (3) Prohibits class action lawsuits against a marketplace facilitator related to an overpayment of use tax.

Changes the phrasing of three nexus-related references in R.C. 5743.62 involving sellers of tobacco products from "nexus in this state" to "substantial nexus with this state" in order to obtain consistency with R.C. 5741.01.

Fiscal effect: Increases GRF revenue from the sales and use tax by \$15 million in FY 2020 and \$20 million in FY 2021. Revenue gains may be higher depending on remote sellers' behavior. Increases revenue from permissive county and transit authorities taxes by \$3.7 million in FY 2020 and \$4.9 million in FY 2021. Revenue gains may be higher depending on the behavioral response of remote sellers.

Reduces the percentage of commercial activity tax (CAT) revenue to be credited to the Revenue Enhancement Fund (Fund 2280) from the current 0.75% to 0.65% effective July 1, 2019.

Fiscal effect: Reduces revenue to Fund 2280, which helps defray departmental costs of administering the CAT and other taxes, by about \$2.1 million in FY 2020 and \$2.2 million in FY 2021. Has the effect of increasing GRF revenue by corresponding amounts.

(A similar biennial authorization provision has been in effect since July 2013 and the current biennium's authorization is scheduled to expire after June 30, 2019.)

Fiscal effect: Will reduce CAT revenues by an unknown amount in FY 2020 and FY 2021.

R.C. 2927.02, 2927.022

TAXCD40

Partial property tax reduction for child care centers

No provision.

R.C. 319.302, 323.155, 323.16; Section 757.100

Authorizes a partial real property tax exemption for child care centers that serve children from households that receive public assistance. Provides that the exemption equals 50% of the taxes due on the property if at least 25%, but less than 50%, of the children that attend the center reside in households that receive public assistance. Provides that if more than 50% of the children that attend the center reside in such households, the exemption equals 75%. Limits eligibility for the exemption to centers that 1) are licensed by ODJFS, 2) are not the administrator's main residence, and 3) are not used for any other commercial purpose. (Local taxing authorities are not reimbursed for the effect of the exemption on their tax revenues.)

Fiscal effect: An increase in property tax exemptions would decrease revenues to schools and other units of local government, and would increase taxes of other property owners for levies designed to raise fixed sums of money.

TAXCD51

Property tax homestead exemption

No provision.

R.C. 323.151, Section 757.150

Modifies eligibility for the homestead exemption by requiring deducted business income to be included in the income eligibility calculation. Applies property tax changes beginning in tax year 2019 (tax year 2020 for manufactured homes).

Executive

In House Finance

Fiscal effect: Would reduce GRF reimbursements to local governments by an estimated \$5.1 million per year initially. GRF savings would rise in subsequent years. The state reimburses local governments from the GRF for revenue losses resulting from the homestead exemption.

TAXCD34

Property tax exemption for fraternal and veterans organizations

No provision.

R.C.5709.17, Section 757.90

Modifies an existing tax exemption for property held or occupied by a fraternal organization by excluding rent received from other fraternal organizations in determining whether or not property qualifies for the exemption. (Under continuing law, property that generates more than \$36,000 in rental income in a year does not qualify for the exemption.)

No provision.

Similarly modifies an existing tax exemption for property held or occupied by certain veterans' organizations by excluding rent received from other veterans' organizations in determining whether or not the rental income produced by the property exceeds a similar \$36,000-per-year limit.

Fiscal effect: Easing the constraint on qualifying for property tax exemption would likely allow additional organizations to qualify. An increase in property tax exemptions would decrease revenues to schools and other units of local government, and would increase taxes of other property owners for levies designed to raise fixed sums of money.

Authorizes municipalities, townships, and counties, under certain conditions, to extend the term of a tax increment financing (TIF) property tax exemption by up to 30 additional years. Provides that, to be eligible for such an extension, the TIF (1) must generate \$1.5 million in service payments in the immediately preceding year, (2) must not generate more than \$1.5 million in any other preceding year (this requirement only applies after 2020), and (3) the property owner must compensate the school district fully for its property tax losses. (Current law limits the term of TIF tax exemptions to 30 years. TIFs exempt tax revenue on a specified percentage, up to 100%, of the increase in real property value, and redirects service payments equal in amount to taxes that would otherwise be due into a special fund used to pay for new infrastructure.)

Fiscal effect: Some units of local government may incur ongoing tax revenue losses, relative to revenues from the increase in property value if the TIF was not in effect.

Requires a municipal corporation to remit payment to the Treasurer of State if the net distribution amount for a municipal corporation's state-administered municipal income tax accounts is less than zero in any month. (Continuing law allows businesses to elect to have the Department of Taxation administer the business' municipal income taxes beginning in 2018. The Commissioner is required to distribute municipal income tax revenue on a monthly basis, after deducting 0.5% of such revenue to cover the Department's administrative expense. A municipal corporation's net distribution amount might be less than zero if audit adjustments and refunds exceed collections in a given month.)

Requires that the payment be remitted within thirty days of receiving notice of the deficiency. Allows the Commissioner to recover unpaid amounts by reducing a delinquent municipal corporation's municipal income tax distributions, electric light and telephone company income tax distributions, and property tax distributions.

Juvenile Justice and Delinquency Prevention Fund

R.C. 5139.87

(1) Provides that the Department of Youth Services (DYS) serves as the state agent for the administration of federal (instead of all federal) juvenile justice grants to the state, and eliminates the requirement that a separate federal juvenile justice programs fund be established each federal fiscal year.

(2) Consolidates the Federal Juvenile Justice Programs funds into a single Juvenile Justice and Delinquency Prevention Fund, requires all federal grants and moneys received for federal juvenile programs be deposited into the Fund, and requires receipts deposited in the Fund be used for federal juvenile programs.

(3) Provides that all investment earnings on the cash balance in the Fund be credited to the Fund and eliminates the provision that they be credited for the appropriate federal fiscal year.

(4) Requires DYS to maintain a financial activity report of each individual grant within the Fund, including expenses and revenue credited to those individual grants.

(5) Eliminates the provision that all rules, orders, and determinations of the Office of Criminal Justice Services regarding the administration of federal juvenile justice grants in effect on September 26, 2003, must continue in effect as rules, orders, or determinations of DYS.

Fiscal effect: None, as these provisions collectively unify the accounting process, clarify existing language, and remove obsolete language.
