OASBO Professional Development

OASBO provides career-long support for school business officials through our professional development offerings. From those considering a career in school business to veteran treasurers, business managers, food service and transportation supervisors, fiscal and operations support staff - OASBO has you covered. In-depth continuing education, legislative updates, and seminars on hot topics are offered throughout the year.

Continuing Education Unit (CEU) & Continuing Professional Education (CPE) Credit

You will earn contact hours towards CEU and CPE credit for attending any OASBO Seminar. After completion of an OASBO seminar, each participant will be issued Contact Hours for the number of hours of instruction received. For your convenience, you can print documentation of your contact hours earned.

CPIM Credit

CPIM credit is given for attendance at some OASBO events. OASBO assists with the necessary paperwork, but actual CPIM credit is issued by the Treasurer of State's Office.

College Credit

Through a partnership with Ashland University, OASBO can offer college credits for some of our courses. A statement will be posted on the website event detail page of those courses offering Ashland credit. Registration forms will be available at the event.

Location

All events will be held in Columbus, Ohio unless otherwise noted as regional.

Details Subject to Change

All final details for OASBO events will be published on the website. Details in this document are meant to be used for general planning but all final details will be put on the website.

Transportation Management

OASBO, ODE, and OAPT jointly present approximately five of the following transportation seminars each year. Combinations vary year-to-year. All seminars offer the same number of contact hours and cost:

Contact Hours: 4.5

Cost: \$120

Active Shooter Training Seminar

Although school districts have been making active shooter training for students and teachers as part of the yearly training program, it is critical that school bus drivers and riders be added to the list. Drivers and riders need to know how to exit a bus if someone is threatening them with a weapon. They need to know how to respond in a crisis, including that they can break all the rules to get out of the bus and away from the shooter.

Driver Retention/Recruitment Seminar

The current school bus driver shortage means that holding onto your existing drivers is of paramount importance. If you lose a good driver, it could be months - or more - until you find a suitable replacement. Unfortunately, due to the pressures and problems with school bus driving as a career, most districts are seeing higher-than-normal levels of driver turnover. Some of the best ideas known for better school bus driver recruitment and retention will be shared.

Financial Reporting & Data Collection Requirements (formerly T-Reports)

Provides information for collecting, reporting, and submitting pupil transportation data. Attendees are encouraged to bring their own T-1 and T-2 report data for these sessions. ODE presenters will assist in a review of the data and will include a review of cost analysis data and efficiency reports. Offered in NW, NE, SW, CE Regions

Offered: June every year.

School Van Training Seminar

Vehicles originally designed and constructed at the factory for nine or fewer passengers, not including the driver, are to be used when school bus transportation cannot be reasonably provided. This seminar will reference Rule 3301-83-19 of the Ohio Pupil Transportation Operation and Safety Rules, specifically Vehicles Other Than School Buses.

Student Management on the School Bus Seminar

One of the biggest challenges facing school bus drivers today is the management of students on the school bus. This seminar will reference Rule 3301-83-08 of the Ohio Pupil Transportation Operation and Safety Rules, specifically Pupil Transportation Management Policies. Attendees will learn the key elements to bus safety, goals and strategies for safe pupil transportation, and strategies for success.

Type IV Training Seminar

Pupils enrolled in chartered nonpublic or community schools may be entitled to pupil transportation services from their public-school district of residence. This seminar addresses general procedures, procedures for conducting official timings, as well as fact-finding procedures.
